AUTHORS SUBJECT TO CHANGE

Analysis by the Legislative Reference Bureau

This bill repeals obsolete provisions relating to the floodplain and shoreland mapping assistance program administered by the Department of Natural Resources.

Under current law, DNR is required to administer the program, which provides counties, cities, and villages with financial assistance for mapping and delineating floodplain and shoreland areas. Current law provides that grants may not be applied for or awarded after February 8, 1986.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 87.31 of the statutes is repealed.
