12 (e) Before the expiration of the 60-day period or an extension obtained under
13 (c) of this section, the attorney general shall

14 (1) intervene in the action and proceed with the action on behalf of the
15 state;

16 (2) notify the court that the attorney general declines to take over the
17 action, in which case the person bringing the action has the right to conduct the action;
18 or

19 (3) if the attorney general determines that substantial evidence does not
20 exist that a violation of AS 09.58.010 has occurred, or that the action is barred under
21 AS 09.58.050, the attorney general shall move the court to dismiss the action.

22 (f) The named defendant in a complaint filed under this section is not required
23 to respond to a complaint filed under this section until after the complaint is unsealed
24 by the court and a copy of the summons and complaint are served on the defendant
25 under the applicable Alaska Rules of Civil Procedure.

26 (g) When a person brings an action under this section, only the attorney
27 general may intervene or bring a related action based on similar facts to the underlying
28 action.

29 **Sec. 09.58.025. Subpoenas.** In conducting an investigation under
30 AS 09.58.015 or 09.58.020, the attorney general may issue subpoenas to compel the
31 production of books, papers, correspondence, memoranda, and other records in

1 connection with an investigation under or the administration of AS 09.58.010 -
2 09.58.060. If a medical assistance provider or a medical assistance recipient fails or
3 refuses, without just cause, to obey a subpoena issued under this subsection, the
4 superior court may, upon application by the attorney general, issue an order requiring
5 the medical assistance provider or medical assistance recipient to appear before the
6 attorney general to produce evidence.

7 **Sec. 09.58.030. Rights in false or fraudulent claims actions.** (a) If the
8 attorney general elects to intervene and proceed with an action under AS 09.58.020,
9 the attorney general has exclusive authority for prosecuting the action and is not bound
10 by an act of the person bringing the action. The person who brought the action has the
11 right to continue as a nominal party to the action, but does not have the right to
12 participate in the action except as a witness or as otherwise directed by the attorney
13 general. If the attorney general elects to intervene under AS 09.58.020, the attorney
14 general may file a new complaint or amend the complaint filed by the person who
15 brought the action under AS 09.58.020(b).

16 (b) Notwithstanding the objections of the person who brought the action, the
17 attorney general may

18 (1) move to dismiss the action at any time under this chapter if the
19 attorney general has notified the person who brought the action of the intent to seek
20 dismissal and the court has provided the person who brought the action with an
21 opportunity to respond to the motion;

22 (2) settle the action with the defendant at any time, if the court
23 determines, after a hearing, that the proposed settlement is fair, adequate, and
24 reasonable under all the circumstances; upon a showing of good cause, the hearing
25 described in this paragraph shall be held in camera.

26 (c) If the attorney general elects not to proceed under AS 09.58.020 with the
27 action, the person who brought the action has the right to proceed and conduct the
28 action. The attorney general may request at any time during the proceedings to be
29 served with copies of all documents related to the action, including pleadings,
30 motions, and discovery. The attorney general shall pay for the reasonable copying
31 charges for documents provided under this subsection. If the person who brought the

1 action proceeds with the action, the court, without limiting the status and rights of the
 2 person who brought the action, shall allow the attorney general to intervene at any
 3 time.

4 (d) Whether or not the attorney general proceeds with the action under this
 5 chapter, on a showing by the attorney general that certain actions of discovery by the
 6 person bringing the action would interfere with pending investigation or prosecution
 7 of a criminal or civil proceeding arising out of the same matter, the court may stay the
 8 discovery for not more than 90 days. The court may extend the 90-day period on a
 9 further showing, in camera, that the state has pursued the criminal or civil
 10 investigation or proceedings with reasonable diligence and that proposed discovery in
 11 the civil action under AS 09.58.010 - 09.58.060 may interfere with the ongoing
 12 criminal or civil investigation or proceedings.

13 **Sec. 09.58.040. Award to false or fraudulent claim plaintiff.** (a) If the
 14 attorney general proceeds with an action brought by a person for a violation of
 15 AS 09.58.010, the person who brought the action shall receive at least 15 percent but
 16 not more than 25 percent of the proceeds of the action or settlement of the claim,
 17 depending on the extent to which the person bringing the action contributed to the
 18 prosecution of the action. The court order or settlement agreement shall state the
 19 percentage and the amount to be received by the person who brought the action. A
 20 payment under this subsection to the person who brought the action may only be paid
 21 from proceeds received from a judgment or settlement under this section.

22 (b) If the attorney general does not proceed with an action brought under
 23 AS 09.58.020, the person bringing the action to judgment or settlement by court order
 24 shall receive an amount that the court decides is reasonable for collecting the civil
 25 penalty and damages based on the person's effort to prosecute the action successfully.
 26 The amount shall be at least 25 percent but not more than 30 percent of the proceeds
 27 of the action or settlement of the claim. A payment under this subsection to the person
 28 who brought the action may only be paid from proceeds received from a judgment or
 29 settlement received under this section. In addition, if the person bringing the action
 30 prevails, the person is entitled to

31 (1) full reasonable attorney fees and court costs in a case involving a

1 fraudulent claim, agreement, contract, or understanding; or

2 (2) reasonable attorney fees and court costs calculated under applicable
3 court rules in a case that does not involve a fraudulent claim, agreement, contract, or
4 understanding.

5 (c) Whether or not the attorney general participates in the action, if the court
6 finds that the action was brought by a person who planned or initiated the violation
7 alleged in the action brought under AS 09.58.020, the court may, to the extent the
8 court considers appropriate, reduce the share of the proceeds of the action that the
9 person would otherwise receive under (a) or (b) of this section, taking into account the
10 role of that person in advancing the case to litigation and any relevant circumstances
11 pertaining to the violation. If the person bringing the action is convicted of criminal
12 conduct arising from the person's role in the violation of AS 09.58.010, the court shall
13 dismiss the person from the civil action and the person may not receive any share of
14 the proceeds of the action or settlement. A dismissal under this subsection does not
15 prejudice the right of the attorney general to continue the action.

16 (d) In this section, "proceeds of the action or settlement"

17 (1) includes damages, civil penalties, payment for cost of compliance,
18 and other economic benefits realized by the state as a result of a civil action brought
19 under AS 09.58.010 - 09.58.060;

20 (2) does not include attorney fees and costs awarded to the state.

21 **Sec. 09.58.050. Certain actions barred.** A person may not bring an action
22 under AS 09.58.020 if the action is

23 (1) based on evidence or information known to the state when the
24 action was brought;

25 (2) based on allegations or transactions that are the subject of a civil or
26 criminal action or an administrative proceeding in which the state is already a party;

27 (3) based on the public disclosure of allegations or actions in a
28 criminal or civil action or an administrative hearing, or from the news media, unless
29 the action is brought by the attorney general or the person bringing the action is an
30 original source of the information that was publicly disclosed; in this paragraph, a
31 person is an original source of the information that was publicly disclosed if the

1 person has independent knowledge, including knowledge based on personal
 2 investigation of the defendant's conduct, of the information on which the allegations
 3 are based, and has voluntarily provided or verified the information on which the
 4 allegations are based or voluntarily provided the information to the attorney general
 5 before filing an action under AS 09.58.020 that is based on the information; or

6 (4) against the state or current or former state employees.

7 **Sec. 09.58.060. State not liable for attorney fees, costs, and other expenses.**

8 The state, its agencies, current or former officers, and current or former employees, are
 9 not liable for attorney fees, costs, and other expenses that a person incurs in bringing
 10 an action under AS 09.58.020.

11 **Sec. 09.58.070. Employee protection for retaliation.** (a) An employee of a

12 medical assistance provider who is discharged, demoted, suspended, threatened,
 13 harassed, or discriminated against in the terms and conditions of employment by the
 14 employee's employer because of lawful acts done by the employee on behalf of the
 15 employee or others in furtherance of an action under AS 09.58.010 - 09.58.100,
 16 including investigation for, initiation of, testimony for or assistance in an action filed

 21 conditions of employment because of lawful acts done by the employee on behalf of
 22 the employee or a person who brings an action under AS 09.58.020 or in furtherance
 23 of an action under AS 09.58.010 - 09.58.100, including investigation, initiation of,
 24 testimony for or assistance in an action filed or to be filed under AS 09.58.010 -
 25 09.58.100, is entitled to relief under AS 39.90.100 - 39.90.150 (Alaska Whistleblower
 26 Act).

 28 commenced not later than three years after the date the employee was subject to
 29 retaliation under (a) or (b) of this section.

19 **Sec. 47.05.105. Enhanced computerized eligibility verification system.** (a)
20 The department shall establish an enhanced computerized income, asset, and identity
21 eligibility verification system for the purposes of verifying eligibility, eliminating
22 duplication of public assistance payments, and deterring waste and fraud in public
23 assistance programs administered by the department under AS 47.05.010. Nothing in
24 this section prohibits the department from verifying eligibility for public assistance
25 through additional procedures or authorizes the department or a third-party vendor to
26 use data to verify eligibility for a federal program if the use of that data is prohibited
27 by federal law.

28 (b) The department shall enter into a competitively bid contract with a third-

 3 department may also contract with a third-party vendor to provide information to
 4 facilitate reviews of recipient eligibility and income verification.

5 (c) The annual savings to the state resulting from the use of the system under
 6 this section must exceed the cost of implementing the system. A contract under this
 7 section must require the third-party vendor to report annual savings to the state
 8 realized from implementing the system. Payment to the third-party vendor may be
 9 based on a fee for each applicant and may include incentives for achieving a rate of
 10 success established by the department for identifying duplication, waste, and fraud in
 11 public assistance programs.

12 (d) To avoid a conflict of interest, the department may not award a contract to
 13 provide services for the enrollment of public assistance providers or applicants under

 25 SECTION MAY NOT BE LESS THAN 75]. The audits under this section must
 26 include both on-site audits and desk audits and must be of a variety of provider types.
 27 The department may not award a contract under this subsection to an organization that
 28 does not retain persons with a significant level of expertise and recent professional
 29 practice in the general areas of standard accounting principles and financial auditing
 30 and in the specific areas of medical records review, investigative research, and Alaska
 31 health care criminal law. The contractor, in consultation with the commissioner, shall

1 select the providers to be audited and decide the ratio of desk audits and on-site audits
 2 to the total number selected. **In identifying providers who are subject to an audit**
 3 **under this chapter, the department shall attempt to minimize concurrent state or**
 4 **federal audits.**

5 * **Sec. 41.** AS 47.05.200(b) is amended to read:

6 (b) Within 90 days after receiving each audit report from an audit conducted
 7 under this section, the department shall begin administrative procedures to recoup
 8 overpayments identified in the audits and shall allocate the reasonable and necessary
 9 financial and human resources to ensure prompt recovery of overpayments unless the
 10 attorney general has advised the commissioner in writing that a criminal investigation
 11 of an audited provider has been or is about to be undertaken, in which case, the
 12 commissioner shall hold the administrative procedure in abeyance until a final
 13 charging decision by the attorney general has been made. The commissioner shall
 14 provide copies of all audit reports to the attorney general so that the reports can be
 15 screened for the purpose of bringing criminal charges. **The department may assess**
 16 **interest and penalties on any identified overpayment. Interest under this**
 17 **subsection shall be calculated using the statutory rates for postjudgment interest**
 18 **accruing from the date of the issuance of the final agency decision to recoup**
 19 **overpayments identified in the audit. In this subsection, the date of issuance of**
 20 **the final agency decision is the later of the date of**

21 **(1) the department's written notification of the decision and the**
 22 **provider's appeal rights; or**

23 **(2) if timely appealed by the provider, a final agency decision**

26 **Sec. 47.05.235. Duty to identify and repay self-identified overpayments.** (a)
 27 Unless a provider is being audited under AS 47.05.200(a), an enrolled medical
 28 assistance provider shall conduct a biennial review or audit of a statistically valid
 29 sample of claims submitted to the department for reimbursement. If overpayments are
 30 identified, the medical assistance provider shall report the overpayment to the
 31 department not later than 10 business days after identification of the overpayment. The

1 report must also identify how the medical assistance provider intends to repay the
 2 department. After the department receives the report, the medical assistance provider
 3 and the department shall enter into an agreement establishing a schedule for
 4 repayment of the identified overpayment. The agreement may authorize repayment in
 5 a lump sum, a payment plan, or by offsetting future billings as approved by the
 6 department.

7 (b) The department may not assess interest or penalties on an overpayment
 8 identified and repaid by a medical assistance provider under this section.

9 * **Sec. 43.** AS 47.05 is amended by adding new sections to read:

 12 this chapter or AS 47.07.

13 (b) The department shall adopt regulations establishing a range of civil
 14 penalties that the department may assess against a provider under this section. In
 15 establishing the range of civil penalties, the department shall take into account
 16 appropriate factors, including the seriousness of the violation, the service provided by
 17 the provider, and the severity of the penalty. The regulations may not provide for a
 18 civil penalty of less than \$100 or more than \$25,000 for each violation.

19 (c) The provisions of this section are in addition to any other remedies
 20 available under this chapter, AS 47.07, or regulations adopted under this chapter or
 21 AS 47.07.

22 (d) A provider against whom a civil penalty of less than \$2,500 is assessed
 23 may appeal the decision assessing the penalty to the commissioner or the
 24 commissioner's designee. The commissioner shall, by regulation, establish time limits
 25 and procedures for an appeal under this subsection. The decision of the commissioner
 26 or the commissioner's designee may be appealed to the office of administrative
 27 hearings established under AS 44.64.

28 (e) A provider against whom a civil penalty of \$2,500 or more is assessed may
 29 appeal the decision assessing the penalty to the office of administrative hearings
 30 established under AS 44.64.
