Replace line 37 on page 2 with the following:

seek the drug from another pharmacy. If the pharmacist declines dispensing services, the pharmacist shall instruct the individual to contact the health plan for assistance with locating an alternative in-network pharmacy where covered dispensing services may be obtained. In order to ensure continuity of care, the pharmacist shall notify the individual's health plan each time that the pharmacist declines dispensing services within 48 hours.

Replace line 47 on page 2 with the following:

the pharmacist or needed to complete a business transaction. If alternative drugs are discussed with the covered individual, any alternative drug dispensed must result in an out-of-pocket cost to the covered individual that is equal to or less than the out-of-pocket cost of the drug initially sought by the
