

FISCAL NOTE

House Bill 304

Committee: Public Safety and Homeland Security

Sponsor: Representative Jamie Kiel

Analyst: Peter Grogan

Date: 02/26/2025

House Bill 304 as reported by the Committee on Public Safety and Homeland Security would revise the distribution of the existing additional \$50 penalty for driving with a canceled, denied, suspended, or revoked license as provided below, which would reduce potential receipts to the Traffic Safety Trust Fund and the Peace Officers' Standards and Training Fund, respectively, by an undetermined amount dependent on the amount of funds that otherwise would have been deposited into those funds absent this bill. This bill would corresponding increase receipts by the same amount to issuing local law enforcement agencies.

Fund/Entity	Current Law	This Bill
Traffic Safety Trust Fund	50%	33.3%
Peace Officers' Standards and Training Fund	50%	33.3%
Local law enforcement agency that issued the citation	-	33.3%

In addition, this bill would require the payment of all reasonable and customary towing and storage fees, as well as all administrative costs, associated with the impoundment of the vehicle.
