<p><i>To be expended for the Bullying Prevention Project in accordance with Title 16, Chapter 28B, Code of Alabama 1975. The State Superintendent of Education shall distribute the above appropriation as grants to local education agencies. These agencies may be awarded funds only after application to the State Department of Education. The grant application process may require the submission of plans by the applicant to meet the requirements set forth in Chapter 28B of Title 16. In the awarding of grants, preference will be given to applicants seeking to develop and implement evidence-based practices to promote a school environment that is free of harassment, intimidation, violence, and threats of violence. This program may also address tier one and tier two of the school-based mental health model of all students receiving prevention education and peers working to support and identify at-risk students. Additionally, the program may focus to increase school safety through early identification of at-risk students, minimizing disciplinary infractions including school suspensions and expulsions. The program may provide grade level prevention curriculum for all students and, in that case, the curriculum must be updated annually to remain current and relevant to current trends that youth face in their lives. Any applicable prevention curriculum must be comprehensive and satisfy the following state mandates: Erin's Law, Jamari Terrell Williams Student Bullying Prevention Act, Jason Flatt Act, and Drugs and Alcohol. In addition, any program related to mental health should be flexible enough to focus on the greatest mental health needs for each individual school. For accountability purposes, reporting data must include the number of students engaged in the programs, the number of students supported, and the number of students referred to adults as at-risk.</i></p>
