8 SYNOPSIS: 9

Under existing law, the Legislative Council, the House members of the Legislative Council, the members of the Senate elected to the Legislative Council, the Joint Committee on Administrative Regulation Review, the Legislative Committee on Public Accounts, the Joint Fiscal Committee, the Legislative Building Authority, the Permanent Legislative Committee on Reapportionment, the Legislative Reference Service, and the Legislative Fiscal Office have statutorily imposed functions with regard to supervising certain staff services and performing specified legislative functions. This bill would abolish those entities, create a Joint Committee on Legislative Operations, the House Committee on House Administration, the Senate Committee on Senate Administration, and the Legislative Services Agency and transfer the functions of the entities to the joint committee, the two single house committees, and the agency.

The bill, among other things, would provide for the membership of the committees; assign the agency the responsibility of recommending persons for employment by the Examiners of Public Accounts and the Alabama Law Institute, establishing their salaries, and additional responsibilities for budgeting, accounting, and general administrative functions for all entities in the Legislative Department; provide for the appointment by the committee of the Director of Legislative Services; and require the agency to maintain a website listing legislative expenditures that would include the names and salaries of and any expenses paid to employees in the Legislative Department and any contracts into which the agency enters on behalf of any entity in the Legislative Department.

Existing law also provides for additional funding for the Legislature when available funds are less than a specified amount. This bill would repeal that provision.

Under existing law, the Alabama Law

Institute has such members, officers, and

committees as determined by the Board of

Commissioners of the Alabama State Bar. The

institute also has a governing council consisting

of ex officio, appointed, and elected positions.

This bill would specify that the institute is a part of the Legislative Department, would transfer powers previously granted to the Alabama State Bar to the council, would revise the membership of the council, would specify the director would be appointed by the President of the Alabama Law Institute, and would authorize the director to employ the staff for the institute.

(a) The Legislature recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes towards people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability. Certain terms are demeaning and create an invisible barrier to inclusion as equal community members. The Legislature finds it necessary to clarify preferred language for new and revised laws by requiring the use of terminology that puts the person before the disability.

- (b) The Code Commissioner is directed to avoid all references to: Disabled, developmentally disabled, mentally disabled, mentally ill, mentally retarded, handicapped, cripple, crippled, deaf-mute, deaf-dumb, dumb, and mute in any new statute or resolution and to change such references when appropriate in any existing statute or resolution as sections and provisions including these references are otherwise amended by law.
- (c) The Code Commissioner is directed to replace terms referenced in subsection (b) in the Code of Alabama 1975, when such replacement is appropriate with the following revised terminology: Individuals with disabilities, individuals with developmental disabilities, and individuals who are deaf or hard of hearing.
- (d) (1) No statute or resolution is invalid because the statute or resolution is not in compliance with this section.

- 1 (2) No statute or resolution is invalid because of a 2 change in terminology implemented by the Code Commissioner 3 under this section.
 - (e) Changes in terminology shall not be made by the Code Commissioner if such change may legally impair the statute or its implementation or interpretation.
 - (f)(1) All action of an administrative agency creating new rules or amending existing rules shall be formulated in accordance with this section.
 - (2) No agency rule is invalid because the rule is not in compliance with this section.

12 \$29-5A-37.

The Code Commissioner, pursuant to Section 29-5A-32, shall change all references to the Department of Mental Health and Mental Retardation in Title 22, and elsewhere as found in this code, to the Department of Mental Health. - "(a) This section may be referred to as the Ozone Transport Oversight Act of 1997.
- "(b) The Legislature of the State of Alabama finds all of the following:
- "(1) The Federal Clean Air Act, as amended, 42
 U.S.C. 7401 et seq., contains a comprehensive regulatory
 scheme for the control of emissions from mobile and stationary
 sources.
 - "(2) Ozone and other air pollutants have declined substantially during the past 25 years throughout the United States due to implementation of the Clean Air Act, and additional air quality improvements will result as the 1990 Clean Air Act Amendments are implemented.
 - "(3) The Northeast Ozone Transport Commission
 ("OTC"), in an effort to remedy the serious ozone
 nonattainment conditions prevailing in urbanized areas of the
 Northeast, has proposed emission control requirements for
 stationary and mobile sources more stringent that those

applicable to states outside of the Northeast Ozone Transport
Region ("OTR"), including a petition to the U.S. Environmental
Protection Agency ("EPA") concerning Low-Emitting Vehicle
emission control requirements, and a Memorandum of
Understanding concerning stationary source emission control
requirements.

- "(4) The OTC's initiatives, together with other local emission control actions, will help northeastern states to attain the national ambient air quality standard for ozone.
- "(5) In response to concerns raised by certain northeastern states about the interstate transport of ozone, the U.S. EPA has convened the Ozone Transport Assessment Group ("OTAG"), involving representatives from 25 states to the west and south of the Northeast OTR, including Alabama, to consider means to reduce the atmospheric transport of ozone.
- "(6) OTAG will develop recommendations in 1997 for emission control actions in states outside of the Northeast that may form the basis for U.S. EPA enforcement actions under the Clean Air Act, including the preparation and submission of state implementation plans calling for control actions in Alabama not specifically mandated by the Clean Air Act Amendments of 1990.
- "(7) Computer modeling studies prepared by OTAG indicate all of the following:
- "a. Ozone nonattainment is caused predominantly by local emission sources in densely populated urbanized areas.

"b. Emissions originating in Alabama do not contribute significantly to ozone nonattainment in other states or regions.

- "c. Extreme emission controls imposed locally or in upwind areas would not permit some urban areas to demonstrate attainment of the current national ozone standard.
- "(8) Emission controls for stationary and mobile sources under consideration by OTAG for states outside the Northeast are more stringent and more costly than those mandated by the Clean Air Act Amendments of 1990, and could impair the competitiveness of businesses and industries in Alabama, with negligible environmental benefits, and with adverse effects on employment and income in Alabama.
- "(9) The emission control requirements under consideration by OTAG could impede economic development, to the detriment of the well-being of the citizens of Alabama and its economy.
- "(10) Legislative oversight of proposed actions of OTAG, and related actions of U.S. EPA directly or indirectly affecting the citizens and economy of Alabama, is in the public interest.
- "(c)(1) The Director of the Department of
 Environmental Management shall provide periodic reports to the
 Legislature on progress in the decision-making process of the
 Ozone Transport Assessment Group ("OTAG") convened by the U.S.
 Environmental Protection Agency, and shall submit any OTAG
 decisions or recommendations, together with an explanation

thereof, as expeditiously as practicable to the Legislature for review and consideration.

"(2) Within a reasonable time following receipt of the OTAG decisions or recommendations, the appropriate Senate and House Committees on Commerce, Transportation and Utilities of the Legislature shall convene public hearings to receive comments from agencies of government and other interested parties on the prospective economic and environmental impacts of the decisions or recommendations, including impacts on energy use, the environment, economic development, transportation fuel costs, and industrial competitiveness.

"(d)(1) Upon the issuance of a request by the U.S. EPA for submission of a state implementation plan for Alabama related to ozone attainment, the Director of the Department of Environmental Management shall notify the Lieutenant Governor, the Speaker of the House, the Chair of the Senate Commerce, Transportation and Utilities Committee, and the Chair of the House Commerce, Transportation and Utilities Committee of the request, and shall provide them with a copy of any state implementation plan prepared pursuant to the request, not less than 60 days prior to the submission of the state implementation plan to U.S. EPA.

"(2) Within a reasonable time following receipt of the state implementation plan, the Senate and House Committees on Commerce, Transportation and Utilities of the Legislature shall convene public hearings to receive comments from agencies of government and other interested parties on the

prospective economic and environmental impacts of the state implementation plan, including impacts on energy use, the environment, economic development, transportation fuel costs, and industrial competitiveness.

"(3) After completing the hearings required by subdivision (2) of subsection (c) and subdivision (2) of this subsection, the Senate and House Commerce, Transportation, and Utilities Committees will make a recommendation to the Joint Committee on Administrative Regulation Review Legislative Operations regarding the action it should take while performing its review of the revision to the plan.
