8 SYNOPSIS: Existing law does not limit the number of  
9 students per teacher in kindergarten to twelfth  
10 grade classrooms.

11 This bill would require that, beginning with  
12 the 2017-2018 school year, class size limits be  
13 maintained at 15 students per teacher for grades  
14 kindergarten to third, inclusive, at 22 students  
15 per teacher for grades four to eight, inclusive,  
16 and at 25 students per teacher for grades nine to  
17 12, inclusive. Such limits would be implemented on  
18 a graduated basis beginning with the 2013-2014  
19 fiscal year.

20 This bill would also provide that any costs  
21 associated with satisfying the class size  
22 limitations imposed by this bill would be the  
23 responsibility of the state and not the local  
24 school systems.

25
