7 "(25) "WLAN" means a wireless local area network.

8 "(b) Nouns and pronouns when used in this chapter
9 shall be deemed to include both singular and plural and all
10 applicable genders."

11 Section 2. Section 16-16B-2.1 is added to the Code
12 of Alabama 1975, to read as follows:

13 (a) (1) Contingent on funding, during the 2016-2017
14 school year, local school systems may begin installing
15 sufficient, high-quality standards-based broadband WiFi
16 infrastructure and, where possible, mobile digital devices to
17 enable access to digital instructional materials and, to the
18 extent practicable, textbooks in electronic format.

19 (2) In order to accomplish subdivision (1), the
20 following priorities are established:

21 a. Wireless infrastructure: The first priority for
22 the expenditure of Alabama Ahead Act funds is the
23 establishment of a high-quality, standards-based wireless
24 local area network (WLAN) infrastructure capable of providing
25 all teachers and students with sufficient WiFi broadband

1 access in all classrooms and common areas of schools, where
2 feasible as described in WIRED.

3 b. Standards: Local school systems shall use
4 applicable funds to install wireless networks or upgrade
5 existing networks to satisfy Alabama Educational Technology
6 Association (AET) standards that include high-quality,
7 enterprise level networking equipment.

8 Each regular classroom shall be equipped with
9 high-quality wireless access for 30 to 40 devices
10 simultaneously. Each specialty classroom, that routinely
11 serves groups of less than 20 people, may satisfy a lesser
12 standard.

13 Each cafeteria shall have sufficient wireless access
14 for one-third of the then current enrollment of the school.

15 Each library media center shall be equipped with
16 high quality wireless access for at minimum one-third of the
17 capacity of the library media center.

18 Each administrative and noninstructional area of a
19 school shall have coverage, however, high density coverage is
20 not required in these areas.

21 c. Upon installation and approval of the
22 standards-based wireless infrastructure, or upgrades of
23 existing wireless infrastructure, local school systems may use
24 the remaining funds available to those local school systems
25 for the purposes established pursuant to the provisions of

1 this act. To expend these funds, an application shall be
2 submitted to the Educational Technology Department of the
3 State Department of Education.

4 d. Other network technology: If the wireless
5 networks of a local school system satisfy the requirements of
6 the Oversight Committee, funds may be spent to further enhance
7 digital learning environments within the schools of that
8 school system and may include technologies such as:

9 1. Support and warranty services.

10 2. Optional hardware and software to manage or
11 enhance the digital learning environment.

12 e. Network debt. Funds may be used for retiring debt
13 for a network brought into compliance with the standards; or,
14 for networks previously installed that satisfy the standards
15 established by the Oversight Committee.

16 (b) Any application for funds shall be submitted and
17 signed by the technology coordinator, the superintendent, and
18 the chief school financial officer of the local school system.
19 The application shall include a component for the professional
20 development of teachers.

21 (c) Implementation plan: School systems shall apply
22 for their portion of the Alabama Ahead Act funding through the
23 State Department of Education. Applications for funding shall
24 include all of the following:

1 a. Technology plan: An approved technology plan as
2 required of all school systems as part of the Foundation
3 Program.

4 b. Infrastructure readiness report: School systems
5 shall provide an infrastructure readiness report describing
6 each school's WLAN as well as the systems used to manage these
7 networks.

8 c.1. Accountability in the use of funds: At least
9 every six months until the project is complete, the State
10 Department of Education shall provide a report to the
11 Oversight Committee detailing the progress of local school
12 systems in meeting the 24-month goal of a statewide
13 implementation.

14 2. The State Department of Education shall include
15 WLAN infrastructure functionality in its monitoring standards
16 as part of the ongoing accountability of this investment.

17 Section 3. Section 14 of Act 2012-560, 2012 Regular
18 Session, is amended to read as follows:

19 "Section 14. This act shall become effective on the
20 first day of the ~~third~~ second month following its passage and
21 approval by the Governor, or its otherwise becoming law.

22 Sections 2 to 12, inclusive, shall be implemented only upon
23 separate legislative enactment providing a specific date for
24 implementation."

1 Section 4. This act shall become effective
2 immediately following its passage and approval by the
3 Governor, or its otherwise becoming law.
