SYNOPSIS:

Under existing law, the Alcoholic Beverage Control (ABC) Board regulates and enforces the sale of tobacco, tobacco products, alternative nicotine products, and electronic nicotine delivery systems.

This bill would revise the definition of "electronic nicotine delivery system" to include battery powered devices that deliver substances other than tobacco through the inhalation of vapor.

This bill would prohibit the distribution of tobacco, tobacco products, electronic nicotine delivery systems, e-liquids, and alternative nicotine products through a vending machine.

Under existing law, there is no fee for a retail permit to distribute tobacco, tobacco products, electronic nicotine delivery systems, e-liquids, or alternative nicotine products.

This bill would require a one-time application fee and an annual permit fee for the distribution of those products, and would provide for the distribution of those fees.

Under existing law, the ABC Board may assess an administrative penalty for a violation of the tobacco retail laws.

This bill would increase the penalty that may be

29 assessed and would provide for the distribution of the  
30 penalty.

31 This bill would further provide for the  
32 membership of the advisory board to the ABC Board.

33 This bill would increase the authorized  
34 administrative penalty for certain tobacco advertising  
35 violations.

36 Under existing law, the Department of Revenue  
37 maintains a directory listing all e-liquid  
38 manufacturers and manufacturers of alternative nicotine  
39 authorized to be distributed in the state.

40 This bill would require a manufacturer to meet  
41 certain requirements before being approved for the  
42 directory.

43 This bill would further provide for the  
44 requirement of tobacco retailers to post signage  
45 warning of the dangers of tobacco product use.

46 This bill would provide the ABC Board with  
47 general rulemaking authority to administer the tobacco  
48 retail laws.

49 This bill would also require the State Board of  
50 Education to adopt a model policy for the establishment  
51 of vaping awareness, education, and prevention programs  
52 to discourage the possession and use of prohibited  
53 tobacco, tobacco products, electronic nicotine delivery  
54 systems, e-liquids, and alternative nicotine products  
55 by students in K-12 schools and would require local  
56 school boards to adopt a policy based on the model
