8 SYNOPSIS: Under existing law, a person is not
9 permitted to collect protected wild animals or
10 birds or bird eggs for scientific purposes unless
11 the person has a permit from the Department of
12 Conservation and Natural Resources. The cost of the
13 permit is \$1 and a person who violates this
14 provision is subject to a fine of not less than \$10
15 nor more than \$25.

16 This bill would establish three types of
17 permits for the purposes of protection of wild
18 invertebrate or vertebrate species, or their eggs,
19 would increase the fees, and would provide that the
20 applicable fine would be three times the cost of
21 the appropriate permit.
