## **HB 2241: bestiality; visual depiction; minors**

**Sponsor: Representative Willoughby, LD 13**

**Senate Engrossed**

### **Overview**

Establishes an additional form of bestiality involving a visual depiction in which a real person is actually engaging in oral sexual contact, sexual contact or sexual intercourse with a real animal.

### **History**

Under current law, a person commits bestiality by knowingly doing either of the following:

- 1) engaging in oral sexual contact, sexual contact or sexual intercourse with an animal, which is a class 6 felony; or
- 2) causing another person to engage in oral sexual contact, sexual contact or sexual intercourse with an animal, which is a class 3 felony punishable as a dangerous crime against children if the other person is a minor below the age of 15.

In addition to any other penalties, the court may order that a person convicted of bestiality undergo psychological assessment; participate in appropriate counseling at the person's own expense; and/or reimburse an animal shelter for reasonable costs incurred for the care and maintenance of any animal that was taken to the animal shelter as a result of the offense.

Criminal liability for bestiality does not apply to the following activities:

- 1) accepted veterinary medical practices performed by a licensed veterinarian or veterinary technician;
- 2) insemination of animals by the same species, bred for commercial purposes; or
- 3) accepted animal husbandry practices that provide necessary care for animals bred for commercial purposes.

For purposes of this offense, *animal* is defined as a nonhuman mammal, bird, reptile or amphibian, either dead or alive ([A.R.S. § 13-1411](#)). Other applicable terms such as *oral sexual contact*, *sexual contact* and *sexual intercourse* are also defined in statute ([A.R.S. § 13-1401](#)).
