Overview

Appropriates \$1,668,000 from the Peace Officer Training Equipment Fund (Fund) to the State Treasurer to purchase training simulators in FY 2024.

History

A V-300 is a decision-making and firearms training simulator. The V-300 simulator portrays true-to-life situations taken from actual events based on case law and after-action reports ([VirTra Website](#)).

The Fund receives monies from a \$4 assessment on civil traffic violations, local motor vehicle citations and criminal motor vehicle citations (A.R.S. §§ [12-114](#); [12-116.08](#)). In FY 2019, \$3,073,000 was legislatively appropriated from the Fund for various purposes. Of those monies, \$2,300,000 was used for 10 virtual firing ranges and 3 virtual training simulators ([JLBC FY 2022 Appropriations Report, DPS](#)).
