Summary of the Strike-Everything Amendment to SB 1106

Overview

Requires a county recorder to cancel a voter registration from the registration rolls or permanent early voting list (PEVL) of that county, upon notification from another county that the individual registered to vote in that county.

History

Any registered voter may request to be included on PEVL and receive an early ballot by mail for any election for which the county voter registration roll is used to prepare the election register.

A voter may be removed from PEVL if:

- 1) The voter requests in writing to be removed from PEVL;
- 2) The voter's registration or eligibility is moved to inactive status or canceled as otherwise provided by law; or
- 3) The notice sent by the county recorder or other officer in charge of elections is returned undeliverable and the county recorder or other officer in charge of elections is unable to contact the voter to determine the voter's continued desire to remain on the list ([A.R.S. § 16-544](#)).

Provisions

Registration Rolls

1. Requires a county recorder to cancel a voter registration when the county receives notification from another county that the person registered to vote in that other county. (Sec. 1)
2. Directs a county recorder, upon receiving credible information that a person has registered to vote in a different county, to confirm the person's voter registration with that other county and, on confirmation, cancel the person's registration. (Sec. 1)

PEVL

3. Removes the requirement that a county recorder take necessary steps to contact the voter at the voter's new residence address if an election notice is returned undeliverable by the postal service. (Sec. 2)
4. Allows a person who receives an early ballot at an address at which another person formerly resided, without voting the ballot or signing the envelope, to indicate on the outside of the envelope that the person has moved and mail it back to the county recorder or other officer in charge of elections specified on the envelope. (Sec. 2)
