Overview

Prohibits physicians from performing irreversible gender reassignment surgeries on minors.

History

A parent's consent is required for any surgical procedure on a minor unless a physician determines that failing to perform the procedure will lead to injury or death. A violation of this law is a class 1 misdemeanor ([A.R.S. § 36-2271](#)). Alleged unprofessional conduct and claims of mental or physical inability to safely practice medicine are investigated by the Arizona Medical Board.
