Bockenfeld Fiscal Analyst: Colin Gaiser | 303-866-2677 colin.gaiser@coleg.gov **Bill Topic:** TRANSPORTATION BUDGET REQUIREMENTS Summary of ☐ State Revenue □ TABOR Refund **Fiscal Impact:** □ Local Government □ State Transfer ☐ Statutory Public Entity The bill requires the Department of Transportation to include additional information in its annual Proposed Budget Allocation Plan, and prohibits the department from using an indirect or construction engineering rate for expenses listed in the plan. The bill increases state expenditures on an ongoing basis beginning in FY 2023-24. **Appropriation** No appropriation is required. Summary: **Fiscal Note** The fiscal note reflects the introduced bill. Status:

Summary of Legislation

Under current law, the Transportation Commission is required to adopt a Proposed Budget Allocation Plan by December 15 each year. This bill requires the Department of Transportation (CDOT) to include additional information in the plan, including allocations for personnel costs, facilities costs, and any other expenses for CDOT's headquarters and engineering regions, as well as for all maintenance projects. Beginning July 1, 2024, the bill prohibits CDOT from using an indirect or construction engineering rate for these expenses listed in the Proposed Budget Allocation Plan.

Background

CDOT currently utilizes indirect and construction engineering rates, in accordance with federal regulations, for costs in the department's construction program that are not assignable to specific projects. CDOT's FY 2023-24 Proposed Budget Allocation Plan can be found here: <u>FY 2023-24 Proposed Budget Allocation Plan (codot.gov)</u>.

HB 23-1175

State Expenditures

Starting in FY 2023-24, the bill increases workload in CDOT on an ongoing basis, as described below.

Prohibiting use of certain rates. Removing CDOT's ability to use indirect and construction engineering rates will increase the department's administrative costs. CDOT staff will develop a new methodology for tracking and allocating those costs, and submit this methodology to the Federal Highway Administration for approval. Additional administrative resources may be required and will be addressed through the annual budget process, if necessary.

Additional budget allocation plan detail. Workload in CDOT will increase to include additional information in its annual Proposed Budget Allocation Plan. This fiscal note assumes that the additional workload can be accomplished within existing appropriations.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
