income tax on income derived from all sources within Colorado. The bill exempts nonresident individuals from the state income tax if they perform disaster emergency-related work in the state on certain infrastructure that has been affected by a declared state disaster emergency or if they provide emergency service work related to the disaster emergency. The exemption is only effective for work performed from the time the governor declares a disaster emergency through 60 days after the declaration expires. Conforming amendments are made to the statutes governing the filing of income tax returns by and the withholding of state income tax for these individuals.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 hereby finds, determines, and declares that:

4 (a) During times of flood, fire, hurricane, earthquake, storm, or
5 other disaster emergency, many workers come from other states
6 throughout the United States on a temporary basis to expedite the often
7 enormous and overwhelming task of cleaning up, restoring, and repairing
8 damaged buildings, equipment, and property or even deploying or
9 building new replacement facilities in the state;

10 (b) This may involve the need to bring in workers with special
11 skills who previously have had no connection to the state to perform
12 activities in the state including but not limited to repairing, renovating,
13 installing, building, rendering services, or assisting with other business
14 activities and for which the workers may be located in the state for
15 extended periods of time to perform such activities;

16 (c) During times of operating in the state on a temporary basis
17 solely for the purpose of helping the state recover from a disaster
18 emergency, these workers should not be burdened by the additional
19 imposition of the state income tax as a result of assisting with such
20 activities in the state for a temporary period;

1 (d) The state's income tax is intended for businesses and
2 individuals in the state as part of the conduct of regular business
3 operations or who intend to reside in the state and should not be imposed
4 upon individuals coming into the state on a temporary basis to provide
5 help and assistance in response to a declared state disaster emergency;

6 (e) It is therefore appropriate for the general assembly to deem
7 that income earned by nonresident individuals in the state for a specified
8 period during and after the declared disaster emergency in connection
9 with the repair and restoration of often devastated property and
10 infrastructure in the state is not subject to the state income tax; and

11 (f) The intended purpose of the tax expenditure in House Bill
12 14-1003, enacted in 2014, is to ensure that the state may focus on
13 providing a quick response to the needs of the state and its citizens during
14 a declared state disaster emergency and to reduce the regulatory burden
15 in appreciation for those out-of-state workers and their employers who
16 provide needed assistance to Colorado during declared state disaster
17 emergencies.

18 **SECTION 2.** In Colorado Revised Statutes, 39-22-104, **add** (4)
