A BILL FUR AN ACT
CONCERNING PREPARATION BY THE DEPARTMENT OF HEALTH CARI
POLICY AND FINANCING OF HEALTH CARE PROVIDER
EXPENDITURE REPORTS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

The department of health care policy and financing (department), in consultation with the hospital provider fee oversight and advisory board, shall prepare an annual report detailing uncompensated hospital costs and the different categories of expenditures made by general hospitals in the state (hospital expenditure report). In compiling the

hospital expenditure report on expenses by hospitals in the state, the department shall use publicly available data sources whenever possible. Each general hospital in the state is required to submit certain specified information to the department, including:

- ! Hospital cost reports submitted to the federal centers for medicare and medicaid services;
- ! Annual audited financial statements; except that, if a hospital is part of a consolidated or combined group, the hospital may submit a consolidated or combined financial statement if the group's statement separately identifies the information for each of the group's licensed hospitals.
- ! Utilization and staffing information and standard units of measure

The bill directs the department to consult with the hospital provider fee oversight and advisory board on the development of the hospital expenditure report.

The hospital expenditure report shall include, but not be limited to:

- ! A description of the analysis methods and definitions of report components;
- ! Uncompensated care costs; and
- ! The percentage that different categories of expenses contribute to overall expenses of hospitals.

The department is required to submit each hospital expenditure report to the governor; the joint budget committee; the public health care and human services committee of the house of representatives, or any successor committee; the health and human services committee of the senate, or any successor committee; and the medical services board in the department. The department is also directed to place the hospital expenditure reports on the department's website.

Be it enacted by the General Assembly of the State of Colorado:
