will oversee the work of the task force, which is made up of experts in a variety of educational areas. The legislative committee must meet at least 4 times per year with the task force. The legislative council staff and the office of legislative legal services will continue to provide staff support for the legislative committee, but not for the task force.

The bill removes the task force from the department of education where it is currently housed. The department of education and the department of higher education will continue to provide staff services for the task force to the extent possible within available appropriations.

The bill expands the issues that the task force must consider to include best practices and strategies to increase the number of students who graduate from high school, who demonstrate postsecondary and workforce readiness, and who successfully enroll in a postsecondary credential or degree program.

The legislative committee and the task force will repeal July 1, 2018.
