Sunset Process - House Public Health Care and Human Services. The bill implements the recommendations contained in the department of regulatory agencies' sunset report on the regulation of home care agencies and home care placement agencies by the Colorado department of public health and environment (department), as modified by the house public health care and human services committee (sunset committee) during the sunset hearing, by:

- ! Continuing the department's licensure of home care agencies for 5 years, until 2019;
- ! Clarifying that owners and managers or administrators must obtain a criminal history record check with respect to an application for a home care agency license or home care placement agency registration, and, in connection therewith, defining "owner", "manager" and "administrator";
- ! Excluding from the definition of "home care agency" a program of all-inclusive care for the elderly (PACE) that is regulated by the department of health care policy and financing, but specifying the department's regulatory authority over PACE providers that furnish PACE home care services;
- ! Identifying which convictions may serve as a basis for a home care agency's or a home care placement agency's denial of employment or a referral of a provider and directing the state board of health (state board) to promulgate rules to provide factors for the agencies to consider in determining whether a conviction for an offense should disqualify a provider;
- ! Directing the state board to promulgate rules requiring home care placement agencies to retain their records for inspection by the department and to set fees for home care placement agency registration to cover the direct and indirect costs of the department's oversight of home care placement agencies; and
- ! Authorizing the department to inspect home care placement agencies' records and to remove a home care placement agency from the registry if the inspection reveals that the agency is noncompliant with the statutory requirements connected to the agency's registration.
