declaration for the board, as well as language in other sections in the statutory article that governs the board (article) to refer to juvenile offenders as "juveniles who have committed sexual offenses" rather than labeling juveniles as sex offenders.

Sections 2 and 3: The bill adds the definitions "adult sex offender" and "juvenile who has committed a sexual offense" and adds 3 offenses to the definition of "sex offense" for purposes of the article.

Section 4: The bill repeals and reenacts, with amendments, the section in the article relating to the board's creation and duties. Because the section is repealed and reenacted, both the original statutory language and any new statutory language are shown in small capital font.

The bill reorganizes the provisions relating to the appointment of board members. The board members appointed by a specific appointing authority are listed under the appointing authority, and all board members will serve 4-year terms.

Under current law, the executive director of the department of public safety appoints the board's presiding officer. The bill requires that the members of the board elect a chair and vice chair of the board from among the members of the board and establishes 2-year terms for the presiding officers.

With respect to the board's duties, the bill:

- ! Removes the "no known cure" language from the requirement that the board prescribe a standardized procedure for the evaluation and identification of adult sex offenders;
- ! Removes the requirement that the board develop and implement standards for a system of programs for the treatment of adult sex offenders. This change is mirrored in provisions relating to juveniles.
- ! Adds family counseling and shared living arrangements to the continuum of treatment programs that may be used for adult sex offenders. This change is mirrored in provisions relating to juveniles.
- ! Clarifies that, to the extent possible, treatment programs may be accessed by all offenders, including those with mental illness and co-occurring disorders. This change is mirrored in provisions relating to juveniles.
- ! Requires the standards adopted by the board to include a requirement that persons who provide sex offender evaluation, treatment, or polygraph services provide the board with the data and information the board deems necessary to carry out its duties;
- ! Clarifies that the board's existing duty to research and analyze the effectiveness of evaluation, identification, and treatment procedures includes a review of the no-cure

policy and the containment model for sex offender treatment and management, and requires the board to prepare and present a report to the judiciary committees of the general assembly, on or before December 1, 2011, concerning the board's research and analysis;

- ! Relocates a provision in existing law that requires the board, in collaboration with the department of corrections, the judicial department, and the parole board, to establish standards for community entities that provide supervision and treatment for adult sex offenders who have developmental disabilities.

Sections 5 and 6: The bill amends the statutory language to refer to juvenile offenders as "juveniles who have committed sexual offenses" rather than labeling juveniles as sex offenders.

Section 7: The bill repeals and reenacts, with amendments, the statutory section that addresses sex offender treatment. Because the section is repealed and reenacted, both the original statutory language and any new statutory language are shown in small capital font. The bill grants the board specific authority to develop an application and review process for the approval of persons to be placed on a list of persons who may provide sex offender evaluation, treatment, and polygraph services pursuant to the article (list), as well as a renewal process for those persons.

The bill establishes a formal process to review complaints and grievances against providers who provide services pursuant to the article. The board shall refer all complaints or grievances against providers to the department of regulatory agencies (DORA). The appropriate mental health board in the (DORA board) shall review all complaints or grievances received by DORA or referred to DORA by the board. The DORA board shall investigate the complaints and grievances and take appropriate disciplinary action against the individual and shall provide the board with the results of the investigation and advise the board of any disciplinary action the DORA board takes. The board may take any disciplinary action permitted by law against the individual or entity, including but not limited to removing the individual from the list. The board may determine the requirements for a provider to be placed on the list after the provider has been removed from the list for disciplinary or other reasons.

Section 8: The bill requires the board to report annually to the judiciary committees of the general assembly regarding information pertaining to the treatment of sex offenders. The board shall also report a summary of the complaints or grievances against providers reviewed and investigated by the DORA board and the resolution of those complaints or grievances.

Sections 9 and 11: The bill makes conforming amendments.

Section 10: The bill amends a statutory provision concerning community notification relating to sexually violent predators by clarifying when a sex offender convicted in another jurisdiction will be designated as a sexually violent predator pursuant to Colorado law.

Section 12: The bill requires the executive director of the department of public safety, after consultation with the board, to promulgate rules regarding sex offender treatment standards, lifetime supervision criteria, and eligibility standards for providers.

Sections 13 and 14: The bill requires DORA to conduct a sunset review of the board prior to the new termination date.
