adopt rules requiring edible retail marijuana products to be shaped, stamped, colored, or otherwise marked with a standard symbol indicating that it contains marijuana and is not for consumption by children.

Current law prohibits a retail marijuana products licensee (manufacturer) from adding marijuana to a trademarked food product unless the trademarked food product is part of a recipe and the manufacturer does not represent that the final product contains a trademarked food product. The bill expands this prohibition to knowingly adding marijuana to food products that a reasonable consumer would confuse with a trademarked food product. It also prohibits knowingly adding marijuana to a product that is primarily marketed to children.
