(director) to establish a work share program allowing for the payment of unemployment compensation benefits to employees of a particular work unit whose work hours have been reduced at least 10% but not more than 40%. In order to be eligible for payment of benefits, an employer must submit a work share plan (plan) to the director for approval. The plan must apply to at least 10% of the employees in the affected unit. The plan must meet specific requirements in order to be approved by the director. Employees must also meet specific eligibility requirements in order to be eligible for the payment of benefits. The bill allows for modifications to a plan if conditions of the employer change. The bill also specifies that the benefits payable under the work share program are not in addition to the total maximum allowable regular unemployment benefits in a benefit year. **Sections 2 through 4** of the bill make conforming amendments.
