SENATE
Amended 2nd Reading
February 1, 2010

According to new requirements for pesticide containers and containments under the "Federal Insecticide, Fungicide, and Rodenticide Act" (FIFRA), a state with primary enforcement responsibility for pesticide use must have authority over establishments that refill pesticide containers to ensure compliance with the FIFRA. In order to meet this requirement, the bill amends the state "Pesticide Act" (state act) as follows:

- ! **Section 1** of the bill includes refilling pesticides among the regulated activities mentioned in the legislative declaration;
- ! **Section 2** defines the terms "refillable container", "refiller", and "refill";
- ! **Section 3** grants the state department of agriculture (department) jurisdiction in all matters pertaining to removal of pesticide residue from containers;
- ! **Section 12** requires pesticide refillers to comply with record-keeping and reporting regulations specified by the commissioner of the department of agriculture (commissioner) by rule;
- ! **Section 13** requires pesticide refillers to comply with residue removal requirements promulgated by the commissioner; and
- ! **Section 16** declares certain acts by pesticide refillers to be unlawful.

In addition to the provisions regarding refillers, various provisions of the state act are amended as follows:

- ! **Section 2** of the bill defines the term "federal act" to mean the FIFRA;
- ! **Section 4** authorizes the commissioner to exempt, in accordance with the FIFRA, certain pesticides from the registration requirement;
- ! **Section 5** allows the commissioner to waive the requirement that a person applying to register a pesticide list all inert ingredients in the application;
- ! **Sections 5 and 9** require the commissioner to set by rule the date on which registrations of pesticides and devices, respectively, expire;
- ! **Sections 6 and 8** repeal redundant provisions stating that applicants must pay a penalty fee when cease-and-desist orders are issued for distribution of an unregistered pesticide or unregistered device, respectively;
- ! **Section 7** clarifies that the confidentiality provisions in the state act apply only to inert ingredients;
- ! **Section 10** allows an expired pesticide registration to be

renewed within the 2-year period following the date of the registration's expiration, rather than the date the registration was issued;

! **Sections 10 and 11** require applications for renewal of pesticide and device registrations or pesticide dealer licenses, respectively, to be received, rather than postmarked, by the date specified by the commissioner;

! **Section 11** clarifies that, if an application for renewal of a pesticide dealer license is not timely received, the license shall not be renewed and the dealer must apply for a new license;

! **Section 14** amends an incorrect citation to federal rules; and

! **Section 15** adds to the list of unlawful acts making a false statement by any person on an invoice, record, report, or application required under the state act or under any rule promulgated pursuant to the state act. Section 15 also identifies making such a false statement as a deceptive trade practice under the "Colorado Consumer Protection Act".

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1.** 35-9-102, Colorado Revised Statutes, is amended
3 to read:

4 **35-9-102. Legislative declaration.** The general assembly hereby
5 finds and declares that the intent of this article is to regulate, in the public
6 interest, the REFILLING, registration, labeling, transportation, distribution,
7 storage, use, and disposal of any pesticide and of certain devices. The
8 general assembly further finds and declares that it is the intent of this
9 article to assure the dissemination of accurate information regarding the
