1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly  
3 finds and declares that:

4 (a) As the economy continues to evolve and workforce shortages  
5 threaten businesses, employers need strategies to build their talent  
6 pipelines and workers need opportunities to earn while they learn,  
7 transition to new industries, and build valuable skills;

8 (b) Registered apprenticeships are a powerful model that meets  
9 each of these needs;

10 (c) Registered apprenticeships are industry-driven, high-quality  
11 career pathways where employers can develop and prepare their future  
12 workforce and individuals can obtain paid work experience, related  
13 instruction, and a portable, nationally recognized credential;

14 (d) Colorado has made significant progress in advancing  
15 registered apprenticeships over the last several years; however,  
16 apprentices still make up only 0.1% of Colorado's labor force, with just  
17 over 6,000 active apprentices;

18 (e) Evidence from multiple sources shows that students benefit  
19 from experiential learning opportunities, leading to higher grade point  
20 averages, greater engagement, and stronger postsecondary outcomes and  
21 career readiness after high school;

22 (f) Colorado career and technical education data shows that  
23 students graduate from high school at an increased rate when participating

1 in career and technical education that is aligned to industry- and  
2 work-based learning; and

3 (g) Colorado has a robust career and technical education system  
4 in high schools that could better serve businesses and learners through  
5 connections and pathways into registered apprenticeships.

6 (2) Therefore, the general assembly:

7 (a) Declares its interest in aligning education and workforce  
8 systems in order to increase adoption of registered apprenticeships across  
9 employers and to increase access for more Coloradans;

10 (b) Finds value in aligning high school career and technical  
11 education policies and programs with registered apprenticeships; and

12 (c) Intends for the state to ensure that programs are coordinated  
13 in a way that maximizes benefits and improves access to registered  
14 apprenticeship pathways for high school students and engages employers  
15 to ensure they get the talent they need.

16 **SECTION 2.** In Colorado Revised Statutes, 8-15.7-101, **add** (18)
