and has continuous spending authority over the subaccount. No more than \$10 million may be transferred to the subaccount.

The bill creates a medical marijuana research grant program (grant program) in the department. The grant program will provide the framework for funding research to ascertain the general medical efficacy, and appropriate administration of marijuana. The state board of health (state board) shall promulgate rules for the administration of the grant program, including:

- ! The procedures and timelines for applying for grants;
- ! Grant application contents;
- ! Criteria for selecting grantees and determining the amount and duration of the grants; and
- ! Reporting requirements for grantees.

The bill creates a scientific advisory council (council) to evaluate research proposals seeking a grant from the grant program. The executive director of the department shall appoint the members of the council, and the chief medical officer of the department will also serve on the council and act as chair. The members will serve 2-year terms that may be reappointed and will be reimbursed for travel expenses.

The grant recommendations will be submitted to the state board for a final determination.

The grant program shall report annually to the state board on the progress of the medical marijuana studies.

The bill directs the attorney general to seek federal authority to allow Colorado institutions of higher education to cultivate marijuana for research funded by this bill.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) Over 100,000 Coloradans currently use medical marijuana for
5 relief from constitutionally authorized debilitating medical conditions that
6 do not respond to conventional treatments;

7 (b) More information is needed to further understand potential
8 therapeutic uses of marijuana and its component parts. Research on the
9 therapeutic effects of marijuana and its component parts could benefit
10 thousands of Coloradans who suffer from additional debilitating medical

1 conditions that do not respond to conventional treatments and are not
2 currently permissible medical conditions for medical marijuana use.

3 (c) The purpose of the medical marijuana program cash fund is to
4 establish, operate, and maintain the medical marijuana program. The state
5 health agency considers proposals to include additional debilitating
6 medical conditions to the list of conditions for which a person may use
7 medical marijuana in the medical marijuana program as a part of its
8 operational duties for the medical marijuana program cash fund.

9 (d) The state health agency needs additional medical research on
10 the potential therapeutic benefits of marijuana and its component parts to:

11 (I) Add new debilitating medical conditions to Colorado’s medical
12 marijuana law; and

13 (II) Help physicians better understand the biochemical effects of
14 prescribed medical marijuana;

15 (e) Other state-funded medical marijuana research programs have
16 advanced the scientific knowledge about how marijuana works and
17 methods to ensure appropriate dosing. Colorado can now advance that
18 knowledge further;

19 (f) Colorado can conduct observational trials that have the
20 possibility of leading to clinical trials with changes from the federal
21 government; and

22 (g) Colorado is a national leader in the development of new strains
23 of marijuana and its component parts that appear to have promising
24 therapeutic effects.

25 (2) Therefore, the general assembly finds it is appropriate to
26 establish the health research subaccount in the medical marijuana
27 program fund to fund medical marijuana health research.

1 **SECTION 2.** In Colorado Revised Statutes, 25-1.5-106, **amend**
2 (17) as follows:

3 **25-1.5-106. Medical marijuana program - powers and duties**
4 **of state health agency - rules - medical review board - medical**
5 **marijuana program cash fund - subaccount - created - repeal.**

6 (17) **Cash fund.** (a) The medical marijuana program cash fund shall be
7 subject to annual appropriation by the general assembly to the state health
8 agency for the purpose of establishing, operating, and maintaining the
9 medical marijuana program. All moneys credited to the medical
10 marijuana program cash fund and all interest derived from the deposit of
11 such moneys that are not expended during the fiscal year shall be retained
12 in the fund for future use and shall not be credited or transferred to the
13 general fund or any other fund.

14 (b) (Deleted by amendment, L. 2010, (HB 10-1284), ch. 355, p.
15 1677, § 2, effective July 1, 2010.)

16 ~~(b.5) Notwithstanding any provision of paragraph (a) of this~~
17 ~~subsection (17) to the contrary, on June 30, 2011, the state treasurer shall~~
18 ~~deduct three million dollars from the medical marijuana program cash~~
19 ~~fund and transfer such sum to the general fund.~~

20 (c) Repealed.

21 (d) (I) THERE IS CREATED A HEALTH RESEARCH SUBACCOUNT,
22 REFERRED TO AS "SUBACCOUNT" IN THIS SECTION, IN THE MEDICAL
23 MARIJUANA PROGRAM CASH FUND. THE SUBACCOUNT IS ESTABLISHED TO
24 SUPPORT FUNDING FOR MEDICAL MARIJUANA HEALTH RESEARCH. THE
25 DEPARTMENT SHALL HAVE CONTINUOUS SPENDING AUTHORITY OVER THE
26 SUBACCOUNT. THE DEPARTMENT MAY DIRECT THE STATE TREASURER TO
