For the fiscal year ending June 30, 2022, and June 30, 2023, rates shall be based upon rates in effect for the fiscal year ending June 30, 2021, inflated by the gross domestic product deflator applicable to each rate year, except the commissioner may, in the commissioner's discretion and within available appropriations, provide pro rata fair rent increases to facilities which have documented fair rent additions placed in service in the cost report years ending September 30, 2020, and September 30, 2021, that are not otherwise included in rates issued. Any increase to rates based on inflation shall be applied prior to the application of any other budget adjustment factors that may impact such rates. The commissioner shall determine whether and to what extent a change in ownership of a facility shall occasion the rebasing of the facility's costs. There shall be no inflation adjustment during a year in which a facility's rates are rebased. For the fiscal year ending June 30, 2024, the commissioner may, in the commissioner's discretion and within available appropriations, provide pro rata fair rent increases to facilities that have documented fair rent additions placed in service in the cost report year ending September 30, 2022, that are not otherwise included in rates issued.
