

General Assembly

January Session, 2025

Proposed Bill No. 5944

LCO No. 3017

* 0 3 0 1 7 *

Referred to Committee on ENERGY AND TECHNOLOGY

Introduced by:

REP. SANTANELLA, 58th Dist.

AN ACT CONCERNING MUNICIPAL REGULATIONS AND LOCAL ZONING AUTHORITY PARTICIPATION IN CERTAIN DECISIONS OF THE CONNECTICUT SITING COUNCIL.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1 That the general statutes be amended to (1) require the Connecticut
2 Siting Council to consider the plan of conservation and development
3 adopted by a municipality in which a commercial grid-scale solar
4 photovoltaic system is proposed for development prior to approving
5 any such development, (2) limit the land area in any municipality that
6 may be used for commercial grid-scale solar photovoltaic system
7 development to one-half of one per cent, (3) allow a local zoning
8 authority to adopt minimum setback requirements for any commercial
9 grid-scale solar photovoltaic system, (4) expand the jurisdiction of the
10 Connecticut Siting Council to any commercial grid-scale solar
11 photovoltaic system regardless of such system's generation capacity,
12 and (5) require said council to work in collaboration with local zoning
13 authorities prior to approving the development of any commercial grid-
14 scale solar photovoltaic system in a municipality.

Statement of Purpose:

To (1) require the Connecticut Siting Council to consider the plan of conservation and development adopted by a municipality in which a commercial grid-scale solar photovoltaic system is proposed for development prior to approving any such development, (2) limit the land area in any municipality that may be used for commercial grid-scale solar photovoltaic system development to one-half of one per cent, (3) allow a local zoning authority to adopt minimum setback requirements for any commercial grid-scale solar photovoltaic system, (4) expand the jurisdiction of the Connecticut Siting Council to any commercial grid-scale solar photovoltaic system regardless of such system's generation capacity, and (5) require said council to work in collaboration with local zoning authorities prior to approving the development of any commercial grid-scale solar photovoltaic system in a municipality.
