OBJECTIVE

As a compassionate registered nurse, I will use this job opportunity to be a driving force that enhances public health services in education, quality and leadership throughout my local area, nationally, and globally.

WORK EXPERIENCE

08/16 – Present Howard University Hospital, Washington, DC

Trauma Program Manager

In this position I am responsible for developing, organizing, implementing, coordinating and evaluating functions of the interdisciplinary Trauma Service. Trauma Services is an operation that unites all aspects of healthcare within the acute care setting. In addition to clinical services, I am the liaison to the Executive leadership and Trauma services. I direct three distinct teams, Trauma registry, Injury Prevention and Outreach and Trauma Social Work and grant coordination. I am also responsible for the organization of services and systems necessary for the multidisciplinary approach to the care of the hospital. I maintain trauma certifications and am certified to direct national curriculums for trauma nurses and physicians. The position, having been vacant for three years, required a near revamping of the service.

An essential component of the program is Level 1 State Designation and American College of Surgeons (ACS) Verification. I was able to maintain the District of Columbia State Designation and complete the process for ACS Level 1 Verification, an exclusive number of national hospitals are ACS Level 1 Trauma Center Verified.

Key specified duties include:

- Creating and maintain policies and procedures pertinent to Trauma Verification
- Coordinating Trauma Morbidity and Mortality and Trauma Multi-disciplinary meetings
- Data analysis and submission to the ACS and D.C. DOH
- Performance Improvement identification and projects
- Grant Coordination for the Office of Victim Services and Justice Grants (OVSJG) Project Change Grant
- Coordination of; Advanced Trauma Life Support Course (ATLS) for Surgeons, Trauma Nurse Core Course (TNCC) and Trauma Care after Resuscitation Course (TCAR) for nurses, Stop the Bleed Training (STB) for the community
