SUMMARY ANALYSIS

Under current law, the Legislature may designate a transportation facility, such as a bridge, interchange, or portion of a road, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not change the official names of the facilities. The Department of Transportation (DOT) erects markers for each designation, but may not do so until the appropriate city or county commission passes a resolution in support of the designation.

The bill designates: “Pio Ieraci Memorial Drive” in Broward County; “Sgt. George Lee Taylor, Sr., Memorial Highway” in Brevard County; and “Dr. Martin Luther King, Jr., Boulevard” in Brevard County. The bill directs DOT to erect suitable markers for the road designations.

The bill will have an insignificant negative fiscal impact to the State Transportation Trust Fund associated with erecting suitable markers for the designations. The cost can be absorbed within DOT’s existing resources.

The bill provides an effective date of July 1, 2022.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Transportation Facility Designations

Under current law, the Legislature may designate a transportation facility, such as a bridge, interchange, or portion of a road, for honorary or memorial purposes or to distinguish a particular facility. Legislative designations do not change the official names of the designated facilities, and do not require local governments or private entities to change street signs, mailing addresses, or 911 emergency telephone-number system listings to account for the designations.¹

Current law sets standards for the naming of state buildings and other facilities. The law provides that except as specifically provided by law, state buildings, roads, bridges, parks, recreational complexes, and other similar facilities may not be named for a living person.²

Road Markers

The Department of Transportation (DOT) must place a marker at each terminus or intersection of a designated road, bridge, or other transportation facility and erect other markers it deems appropriate for the facility.³ Road markers may not be erected until the appropriate city or county commission passes a resolution in support of a particular designation. Additionally, if a designated facility extends through multiple cities or counties, a resolution must be passed by each affected local government before the road markers can be erected by DOT.⁴

Pio Ieraci

After moving to Florida over 30 years ago, Pio Richard Ieraci became an active community leader in the Fort Lauderdale Community. Throughout Mr. Ieraci's time in Florida, he served as a member on the City of Fort Lauderdale Education Advisory Board, Chairman of South Florida Business Advisors, Inc., Chairman of the Broward Beach Coalition, President of the Galt Mile Community Association, and President of the Galt Ocean Club Condominium Association. Mr. Ieraci passed away on December 20, 2020, and is survived by his wife and two children.⁵

Sgt. George Lee Taylor, Sr.

Sgt. George Lee Taylor, Sr., served in the United States Army from 1967 to 1971. After returning from war, Sgt. Taylor founded National Veterans Homeless Support, which is estimated to have helped reduce the homeless veteran population in Brevard County by 90 percent. Sgt. Taylor passed away on May 17, 2020.⁶

Dr. Martin Luther King, Jr.

Dr. Martin Luther King, Jr., was a civil rights leader and the youngest man to have received the Nobel Peace Prize. Dr. King traveled over six million miles and spoke over twenty-five hundred times, with his most well-known speech being the famous "I Have a Dream" address. On the evening of April 4, 1968, Dr. King was assassinated.⁷
