## I. SUBSTANTIVE ANALYSIS

### A. EFFECT OF PROPOSED CHANGES:

#### **Public Records**

The Florida Constitution sets forth the state's public policy regarding access to government records, guaranteeing every person a right to inspect or copy any public record of the legislative, executive, and judicial branches of government.<sup>1</sup> The Legislature, however, may provide by general law for exemption<sup>2</sup> from public record requirements provided the exemption passes by two-thirds vote of each chamber, states with specificity the public necessity justifying the exemption, and is no broader than necessary to meet its public purpose.<sup>3</sup>

The Florida Statutes also address the public policy regarding access to government records, guaranteeing every person a right to inspect and copy any state, county, or municipal record, unless the record is exempt.<sup>4</sup> Furthermore, the Open Government Sunset Review Act<sup>5</sup> provides that a public record exemption may be created, revised, or maintained only if it serves an identifiable public purpose and the "Legislature finds that the purpose is sufficiently compelling to override the strong public policy of open government and cannot be accomplished without the exemption."<sup>6</sup> An identifiable public purpose is served if the exemption meets one of the following purposes:

- Allow the state or its political subdivisions to effectively and efficiently administer a governmental program, which administration would be significantly impaired without the exemption;
- Protect sensitive personal information that, if released, would be defamatory or would jeopardize an individual's safety; however, only the identity of an individual may be exempted under this provision; or
- Protect trade or business secrets.<sup>7</sup>

Pursuant to the Open Government Sunset Review Act, a new public record exemption or substantial amendment of an existing public record exemption is repealed on October 2<sup>nd</sup> of the fifth year following enactment, unless the Legislature reenacts the exemption.<sup>8</sup>

#### **Organization of the Department of Financial Services**

The CFO is the head of the DFS. Effective January 2003, the Department of Insurance, Treasury, State Fire Marshal, and the Department of Banking and Finance merged to form DFS. DFS consists of 13 divisions and several specialized offices.<sup>10</sup> DFS is composed of the following divisions and independent office:

### Title Agents and Agencies

Title insurance insures owners of real property (owner's policy) or others having an interest in real property, as well as lenders (mortgagee policies) against loss by encumbrance, defective title, invalidity, or adverse claim to title. It is a policy issued by a title insurer that, after evaluating a search of title, insures against a number of covered risks, including title defects or liens that are not identified as exceptions. In Florida, title insurers operate on a monoline basis, meaning that the insurer can only transact title insurance and cannot transact any other type of insurance.<sup>28</sup>

### Public Adjusters

A public adjuster, excluding duly licensed attorneys, is any individual who, for compensation or any other valuable consideration, directly or indirectly prepares, completes, or submits an insurance claim for an insured or third-party claimant.<sup>29</sup> Additionally, it includes those who, for compensation, act on behalf of or assist an insured or third-party claimant in negotiating or settling a covered insurance claim.<sup>30</sup> This term also encompasses individuals advertising as adjusters for such claims, as well as those who, for compensation, solicit, investigate, or adjust these claims on behalf of the public adjuster, an insured, or a third-party claimant.<sup>31</sup>
