

HOUSE OF REPRESENTATIVES STAFF ANALYSIS

BILL #: HB 1033 Certificate of Completion
SPONSOR(S): Borrero and others
TIED BILLS: None. **IDEN./SIM. BILLS:** SB 1394

REFERENCE	ACTION	ANALYST	STAFF DIRECTOR or BUDGET/POLICY CHIEF
1) Secondary Education & Career Development Subcommittee		Sleap	Sanchez
2) Education & Employment Committee			

SUMMARY ANALYSIS

The bill provides a student who is awarded a Florida high school certificate of completion, eligibility to enroll in programs offered at a school district career center and charter technical career center.

The bill does not appear to have a fiscal impact.

The bill provides an effective date of July 1, 2021.

FULL ANALYSIS

I. SUBSTANTIVE ANALYSIS

A. EFFECT OF PROPOSED CHANGES:

Present Situation

Florida High School Diploma

Requirements

Florida law establishes academic requirements for earning a standard high school diploma to include five options:

- successful completion of 24 credits;¹
- Career and Technical Education (CTE) Pathway option;²
- an International Baccalaureate curriculum;³
- an Advanced International Certificate of Education curriculum;⁴ or
- the Academically Challenging Curriculum to Enhance Learning (ACCEL) option.⁵

The 24 credits required for a standard high school diploma include:

- four credits in English Language Arts (ELA);
- four credits in mathematics;
- three credits in science;
- three credits in social studies;
- one credit in fine or performing arts, speech, and debate, or practical arts;
- one credit in physical education; and
- eight credits in electives.⁶

Within the 24 credits, at least one course must be completed through online learning.⁷ In addition to successful completion of the required courses a student must earn a cumulative grade point average (GPA) of 2.0 on a 4.0 scale⁸ and must pass the following required statewide standardized assessments:

- grade 10 ELA assessment or earn a concordant score on the SAT or ACT;⁹ and
- Algebra I end-of-course (EOC) assessment or, beginning with students entering grade 9 in the 2018-19 school year, earn a comparative score on the Math section of the Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT), the SAT, the ACT or the Geometry EOC assessment.¹⁰

Certificate of Completion

A student who earns the required 24 credits, or the required 18 credits through the ACCEL options graduation pathway, but fails to pass the required statewide assessments or achieve a 2.0 GPA must be awarded a certificate of completion in a form prescribed by the State Board of Education (SBE).¹¹ However, a student who is otherwise entitled to a certificate of completion may elect to remain in high

school either as a full-time student or a part-time student for up to one additional year and receive special instruction designed to remedy his or her identified deficiencies.¹²

Certificate of Completion- Admission to Postsecondary Education

Current law requires a student who has been awarded a certificate of completion to be eligible to enroll in certificate career education programs at a Florida College System (FCS) institution.¹³ A certificate career education program is defined as a course of study that leads to at least one occupational completion point.¹⁴ The program may also confer credit that may articulate with a diploma or career degree education program, if authorized by rules of the SBE.¹⁵

Career Centers

Current law allows a district school board to operate a career center as part of the district school system.¹⁶ A career center is an educational institution which offers terminal courses of a technical nature, as well as courses for adults and out-of-school youth.¹⁷ A center operates under the control of the district school board where it is located and each center is directed by a director who is responsible to the district school superintendent.¹⁸ Currently, there are 48 career centers operating in 31 school districts in Florida.¹⁹

In addition to career centers, current law allows for the operation of charter technical centers. Charter technical career centers are publicly-funded schools or technical centers operated under a charter granted by a district school board, Florida College System board of trustees or a consortium comprised of one or more of each.²⁰ A sponsoring consortium must include the school district in which the facility is located.²¹ There is only one charter technical center operating in the state, Lake Technical College, sponsored by the Lake County school board.²²

Current law does not expressly state that a student who has been awarded a certificate of completion is eligible to enroll in programs at a district career center or charter technical center. Although not expressly provided in law, most centers allow a student who has been awarded a certificate of completion to be eligible to enroll in programs at the institution.²³

Effect of Proposed Changes

The bill provides a student who is awarded a Florida high school certificate of completion, eligibility to enroll in programs offered at a school district career center and charter technical career center.
