SUMMARY ANALYSIS

The Division of Medical Quality Assurance (MQA), within the Department of Health (DOH), has general regulatory authority over health care practitioners. The MQA works in conjunction with 22 boards and four councils to license and regulate seven types of health care facilities and more than 40 health care professions. Each profession is regulated by an individual practice act and by ch. 456, F.S., which provides general regulatory authority and licensure authority for MQA, including discipline of practitioners.

Under current law, DOH must issue an emergency order suspending the license of a licensed physician, chiropractor, podiatrist, naturopath, optometrist, nurse, nursing assistant, pharmacist, dentist, optician, or hearing aid specialist who pleads guilty to or is convicted of certain violations of federal law and offenses relating to Medicare, fraud, drug offenses, and reproductive battery. CS/HB 1579 expands DOH's authority to issue an emergency suspension order to all licensed health care practitioners and adds homicide to the list of offenses that DOH must issue an emergency suspension order.

CS/HB 1579 requires DOH to issue an emergency order suspending the license if a health care practitioner is arrested for committing or attempting, soliciting, or conspiring to commit any act that would constitute a violation of certain offenses in this state or similar offenses in another jurisdiction. The bill also includes such offenses as acts that constitute grounds for discipline of a licensed health care practitioner.

The bill has a negative, insignificant fiscal impact on DOH. The bill has no fiscal impacts on local governments.

The bill provides an effective date of July 1, 2021.

therapists, and massage establishment owners to undergo a Level 2 background screening as a part of the licensure process. The appropriate regulatory board reviews the background screening results of an applicant or licensee to determine if there is a disqualifying offense. The only automatic disqualifying offenses for licensure are the following offenses under federal law or Florida law, or similar law in another jurisdiction:³

- A felony under:
 - Chapter 409, related to social and economic assistance;
 - Chapter 817, relating to fraudulently practices; and
 - Chapter 893, relating to drug abuse prevention and control.
- A felony under 21 U.S.C. ss. 801-970, relating to controlled substances, or 42 U.S.C. ss. 1395-1396, relating to health insurance for the aged and disabled, if the sentence and any subsequent probation ended less than 15 years before the date of application.

Background Screening

Chapter 435, F.S., establishes standard procedures and requirements for criminal history background screening of prospective employees. There are two levels of background screening: level 1 and level 2. Level 1 screening includes, at a minimum, employment history checks and statewide criminal correspondence checks through the Florida Department of Law Enforcement (FDLE) and a check of the Dru Sjodin National Sex Offender Public Website,⁴ and may include criminal records checks through local law enforcement agencies. A level 2 background screening includes, but, is not limited to, fingerprinting for statewide criminal history records checks through FDLE and national criminal history checks through the Federal Bureau of Investigation (FBI), and may include local criminal records checks through local law enforcement agencies.⁵

Every person required by law to be screened pursuant to ch. 435, F.S., must submit a complete set of information necessary to conduct a screening to his or her employer.⁶ Such information for a level 2 screening includes fingerprints, which are taken by a vendor that submits them electronically to FDLE.⁷

Disqualifying Offenses

Regardless of whether the screening is level 1 or level 2, the screening employer or agency must make sure that the applicant has good moral character by ensuring that the employee has not been arrested for and is awaiting final disposition of, been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, or been adjudicated delinquent and the record has not been sealed or expunged for, certain offenses under Florida law, or similar law of another jurisdiction.⁸

Exemption from Disqualification

If an individual is disqualified due to a conviction, plea of nolo contendere, or adjudication of delinquency to one or more of the disqualifying offenses, s. 435.07, F.S., allows the Secretary of the appropriate agency to exempt applicants from that disqualification under certain circumstances:⁹

- Three years have elapsed since the individual has completed or been lawfully released from confinement, supervision, or nonmonetary condition imposed by a court for a disqualifying felony; or
- The applicant has completed or been lawfully released from confinement, supervision, or nonmonetary condition imposed by a court for a misdemeanor or an offense that was a felony at the time of commission but is now a misdemeanor.

⁸ Section 435.04(2), F.S.

⁹ Section 435.07(1), F.S.

Only the appropriate regulatory board, or the DOH when there is no board, may grant an exemption from disqualification to a person under the licensing jurisdiction of that board or the DOH, as applicable.¹⁰

Receiving an exemption allows that individual to work despite the disqualifying crime in that person's past. However, an individual who is considered a sexual predator,¹¹ career offender,¹² or sexual offender (unless not required to register)¹³ cannot be exempted from disqualification.¹⁴

Discipline

Section 456.072, F.S., authorizes a regulatory board or DOH, if there is no board, to discipline a health care practitioner's licensure for a number of offenses, including but not limited to:

- Making misleading, deceptive, or fraudulent representations in or related to the practice of the licensee's profession;
- Making deceptive, untrue, or fraudulent representations in or related to the practice of a profession or employing a trick or scheme in or related to the practice of a profession; or
- Engaging or attempting to engage in sexual misconduct as defined in s. 456.063, F.S.

Sexual misconduct involves a health care practitioner engaging, or attempting to engage, in verbal or physical sexual activity outside the scope of the professional practice of his or her health care profession with a patient or client, or an immediate family member, guardian, or representative of a patient or client.¹⁵

If the board or DOH finds that a licensee committed a violation, the board or DOH may:¹⁶

- Refuse to certify, or to certify with restrictions, an application for a license;
- Suspend or permanently revoke a license;
- Place a restriction on the licensee's practice or license;
- Impose an administrative fine not to exceed \$10,000 for each count or separate offense; if the violation is for fraud or making a false representation, a fine of \$10,000 must be imposed for each count or separate offense;
- Issue a reprimand or letter of concern;
- Place the licensee on probation;
- Require a corrective action plan;
- Refund fees billed and collected from the patient or third party on behalf of the patient; or
- Require the licensee to undergo remedial education.

Emergency Suspension

An emergency suspension order (ESO) is issued by the State Surgeon General against licensees who pose an immediate threat to the health, safety, and welfare of the people of Florida.¹⁷ Section 456.074, F.S., requires DOH to issue an ESO suspending the license of a licensed physician, chiropractor, podiatrist, naturopath, optometrist, nurse, nursing assistant, pharmacist, dentist, optician, or hearing aid specialist who pleads guilty to or is convicted of:¹⁸

 - Chapter 409, related to social and economic assistance;
 - Chapter 817, relating to fraudulently practices; and
 - Chapter 893, relating to drug abuse prevention and control.

- A misdemeanor or felony under:
 - 18 U.S.C. s. 669, relating to theft or embezzlement in connection with health care;
 - 18 U.S.C. ss. 285-287, relating to taking or using papers relating to claims, conspiracy to defraud the government with respect to claims, and false, fictitious or fraudulent claims;
 - 18 U.S.C. s. 371, relating to conspiracy to commit offense or to defraud United States;

DOH issued 295 emergency restriction¹⁹ and suspension orders against licensees in Fiscal Year 2019-2020. No orders were overturned on appeal.²⁰

DOH is not currently authorized to suspend the license of a health care practitioner who is convicted or found guilty of, or who enters a plea of nolo contendere to, regardless of adjudication to felony homicide. DOH is also not currently authorized to issue an emergency order suspending the license of a health care practitioner who is arrested for any violation.
