17 connectivity to the internet that contains all of the data elements visible on the face and
18 back of a driver's license or identification card and displays the current status of the

44 (8) 'Substantial portion' means more than 33.33 percent of total material on a public
45 website which meets the definition of material that is harmful to minors as defined in this
46 Code section.

47 (b) Before allowing access to a public website that contains a substantial portion of
48 material that is harmful to minors, a commercial entity shall use a reasonable age

64 \$10,000.00 for each violation, the amount of which shall be determined by the superior
65 court in the county in which any affected minor resides. The Attorney General or
66 solicitor general or district attorney having jurisdiction shall institute proceedings to
67 impose such fine within one year of the violation. The issuance of a fine under this

68 paragraph shall not preclude a right of action as provided by paragraph (2) of subsection
69 (c) of this Code section.

70 (d)(1) When a commercial entity or third party performs a reasonable age verification,
71 the commercial entity shall not retain any identifying information after access to the
72 material has been granted.

73 (2) A commercial entity that is found to have knowingly retained identifying information
74 of an individual after access to the material has been granted is liable to such individual
75 for damages resulting from retaining the identifying information, including court costs
76 and reasonable attorney's fees as ordered by the court.

77 (e) An internet service provider and any affiliate, subsidiary, or search engine shall not be
78 considered to have violated this Code section solely by providing access or connection to

81 the internet service provider is not responsible for the creation of the content or the
82 communication that constitutes material that is harmful to minors."
