62 law violations, elector inconvenience in voting due to lack of or poor administration of  
63 elections, departure from best election management practices, and similar criteria. The  
64 chief elections assistance officer shall annually compile a list of those county election

65 superintendents who fall within the criteria as low-performing county election  
66 superintendents.

67 (b) Upon being identified as a low-performing county election superintendent pursuant to  
68 subsection (a) of this Code section, the State Election Board, through the chief elections  
69 assistance officer, shall offer such county election superintendent the opportunity to have,  
70 at the expense of the state, a comprehensive on-site evaluation of election management  
71 practices and procedures to determine the root causes of the county's low performance and  
72 lack of adherence to election laws and procedures, to assist the county election  
73 superintendent in the implementation of intensive election administration improvement  
74 plans, or to provide any of the necessary support services for elections in the county. Such

77 (c) of Code Section 21-2-82.

78 (c) If, within 90 days following a comprehensive on-site evaluation of election  
79 management practices and procedures, a county election superintendent fails or refuses to  
80 implement the recommended corrective measures or if, following such comprehensive  
81 on-site evaluation, such county election superintendent is subsequently found by the State  
82 Election Board to be in violation of the provisions of this chapter in the conduct of  
83 elections, the State Election Board may suspend such county election superintendent from  
84 exercising any of the powers and duties of an election superintendent under this chapter.

85 (d) In the event that the State Election Board exercises its authority pursuant to  
86 subsection (c) of this Code section to suspend the powers and duties of a county election  
87 superintendent under this chapter, the State Election Board shall appoint a person or  
88 persons to exercise the powers and duties of such county election superintendent under this  
89 chapter. Such person or persons shall exercise such powers and duties for such period of  
90 time as the State Election Board shall direct. The person or persons so appointed shall

91 receive such compensation as determined by the State Election Board which shall be paid  
92 by the governing authority of the county involved.

93 (e) Prior to suspending a county election superintendent pursuant to subsection (c) of this  
94 Code section, the State Election Board shall give such county election superintendent  
95 written notice of its intention to consider such suspension which shall be served on the  
96 county election superintendent by certified or registered mail, statutory overnight delivery,  
97 or personal service. The county election superintendent shall have ten calendar days from  
98 receipt of such notice to request in writing a hearing before the State Election Board on the  
99 proposed suspension. At such hearing before the State Election Board, the county election  
100 superintendent shall show cause as to why a suspension should not be imposed by the State  
101 Election Board pursuant to subsection (c) of this Code section. In the case of a county  
102 election superintendent that undertakes the implementation of an intensive election  
103 administration improvement plan and has subsequent violations of election laws, the State  
104 Election Board shall take into consideration the degree of compliance of the county  
105 election superintendent in the implementation of the intensive election administration  
106 improvement plans and the ongoing cooperation and collaboration exhibited by the county  
107 election superintendent. The State Election Board shall make a determination on any such  
108 proposed suspension no later than 30 days after such hearing. The determination of the  
109 State Election Board shall be the final decision.

110 (f) After being suspended pursuant to subsection (c) of this Code section, a county election  
111 superintendent may petition the State Election Board for reinstatement as the county  
112 election superintendent. Such petition shall not be filed until at least 30 days have elapsed  
113 since such county election superintendent was suspended. The State Election Board shall  
114 provide the petitioning county election superintendent at least 30 days' notice prior to  
115 conducting a hearing on such reinstatement. Such hearing shall be held not later than 90  
116 days after the petition is filed and in accordance with Chapter 13 of Title 50, the 'Georgia  
117 Administrative Procedure Act.' The petitioning county election superintendent shall have

118 the burden of demonstrating that, if reinstated as the election superintendent of the county  
119 by the State Election Board, the county election superintendent can and will correct the  
120 deficiencies in the administration of elections in such county. If it is determined that it is  
121 more likely than not that such county election superintendent can and will correct such  
122 deficiencies, the county election superintendent shall be reinstated; otherwise, the person  
123 or persons appointed by the State Election Board to exercise the powers and duties of such  
124 county election superintendent under this chapter shall continue to administer elections in  
125 such county. Judicial review of any such decision shall be in accordance with Chapter 13  
126 of Title 50. The county election superintendent may continue to petition the State Election  
127 Board pursuant to this subsection until the State Election Board finds that such county  
128 election superintendent can and will correct the deficiencies in the administration of  
129 elections in such county."

131 This Act shall become effective upon its approval by the Governor or upon its becoming law  
132 without such approval.
