

STATEMENT OF PURPOSE

RS29064C1 / S1234

The proposed legislation is consistent with the Governor's Licensing Freedom Act, by removing an outdated extended access licensure endorsement for Idaho licensed dental hygienists working in an extended access setting under the general supervision of a dentist.

FISCAL NOTE

This legislation will have no impact on the state's General fund or any dedicated fund or federal fund because the Board of Dentistry does not currently impose any fees for extended access licensure endorsements. There is no impact to the Division of Occupational and Professional Licenses dedicated fund since the proposed legislation does not change any fee schedules.
