**Summary of Legislation:** This bill has the following provisions:

- (1) Repeals the following: (A) Indiana Advisory Commission on Intergovernmental Relations. (B) Public Highway Private Enterprise Review Board. (C) Lake Michigan Marina and Shoreline Development Commission. (D) Orange County Development Advisory Board.
- (2) Makes conforming changes.
- (3) Assigns to the Interim Study Committee on Government the task of studying activity of various groups and interstate compacts each even-numbered year.
- (4) Requires the State Budget Agency to review the salary matrix biennially.
- (5) Moves a definition from a statute being repealed.

**Effective Date:** Upon passage; July 1, 2022.

**Explanation of State Expenditures:** The bill assigns topics to the Interim Committee on Government that must be studied in even-numbered years. If the committee were to hold additional meetings to address this topic, there would be additional expenditures for legislator per diem and travel reimbursement for the committee members. Any additional expenditures must be within the committee's budget, which is established by the Legislative Council.

The bill specifies that the State Budget Agency shall review the police salary matrix biennially. The Indiana State Police report that over the past three bienniums, the salary matrix has been updated by the State Budget Agency during the budgeting process. Specifying that this update must be performed biennially going forward is expected to have no impact on the State Budget Agency.

The bill also repeals commissions and boards who have either disbanded or not held a meeting in the past two years.
