Explanation of State Expenditures:

Explanation of State Revenues:

Explanation of Local Expenditures: (Revised) *Judicial Nominating Commission (JNC)*: The bill reduces the number of members to the JNC for both counties. It also requires the Governor to appoint three members to the JNC. Members of the JNC are not directly compensated by salary, but are compensated for actual expenses incurred in performing their duties. Both counties could experience a slight reduction in local expenditures under this provision.

Repeal Provisions: The bill repeals provisions concerning the appointment of nonattorney commissioners and the election of attorney commissioners in Lake and St. Joseph counties. As a result, both counties will experience a slight reduction in expenditures under this provision. These costs include printing ballots, stamped envelopes, and nominating documents.

Additional Information - JNC Membership: Under current law, the Lake County JNC is comprised of nine members, including four attorney members, four nonattorney members, and a justice of the state Supreme Court or a judge of the state Court of Appeals appointed by the Chief Justice. The St. Joseph County JNC is comprised of seven members, including three attorney members, three nonattorney members, and a justice of the state Supreme Court or a judge of the state Court of Appeals appointed by the Governor.

Attorney Elections: To select the attorney members, the Clerk of the circuit court would notify all attorneys residing in the respective counties by U.S. mail to nominate candidates. The Clerk would mail a ballot and its accompanying materials to all qualified attorney electors. The candidates with the most votes are elected to the JNC.
