Summary of Legislation: *Occupational License Study*– The bill requires the Professional Licensing Agency (PLA) to study universal occupational licensing laws enacted in other states. The bill requires the PLA to submit a report with findings and recommendations to the General Assembly not later than October 31, 2025.

Comprehensive Occupational Review– The bill extends certain dates and expands certain duties regarding the comprehensive review of occupational licensing by public agencies.

(The introduced version of this bill was prepared by the Interim Study Committee on Employment and Labor.)

Effective Date: Upon passage.

Explanation of State Expenditures: *Occupational License Study*– The bill would allow the PLA to delegate the study by entering into a contract of up to \$50,000. Any further expenditures would have to be funded within PLA’s budget.

Comprehensive Occupational Review– This provision would not substantially increase the workload of the study already assigned under HEA 1343-2023. The State Budget Agency has estimated the original study that is established under HEA 1343-2023 would require an estimated \$7.5 M to complete. It is anticipated that the provisions of this bill would not substantially increase the cost of the study.
