FUNDS AFFECTED: **GENERAL**
 DEDICATED
 FEDERAL

IMPACT: State & Local

Summary of Legislation: This bill provides that not later than: (1) September 1, 2024, in the case of a state agency other than a state educational institution or a school corporation; (2) September 1, 2025, in the case of a state agency that is a state educational institution; or (3) September 1, 2026, in the case of a state agency that is a school corporation; a state agency shall partner with each nonprofit loan center (NLC) operating in Indiana to become a participating employer in the NLC's nonprofit loan center program (NLC program) by offering voluntary payroll deductions for eligible full-time employees to make payments toward the balance of a nonprofit loan center loan (NLC loan) made by a nonprofit loan center lender (NLC lender).

The bill provides that after becoming a participating employer in an NLC program, a state agency shall allow an eligible employee to: (1) voluntarily request and establish payroll deductions for an NLC loan at any time; and (2) revoke the employee's authorization for payroll deductions for an NLC loan at any time; including any time that falls outside a designated open enrollment period for employee benefits.

It defines an "NLC loan" as a loan that meets certain requirements with respect to the principal amount, loan term, finance charge, authorized fees, method of repayment, and other loan terms. It authorizes the State Comptroller to authorize the electronic transfer of funds from the state treasury to a designated NLC lender in payment of an NLC loan on behalf of an eligible employee who has voluntarily given the State Comptroller written authorization, through the eligible employee's employing state agency, to make the transfer. The bill also specifies that: (1) a loan made under the bill's provisions; or (2) a person that makes a loan under the bill's provisions; is subject to the requirements of the Uniform Consumer Credit Code chapter governing consumer loans.

Effective Date: July 1, 2024.

Explanation of State Expenditures: This bill will increase the workload of all state agencies to partner with each NLC operating in the state for the purposes of offering NLC loans to (1) state employees before September 1, 2024, and (2) state education institution employees before September 1, 2025. Workload increases would continue after these dates, to set up payroll deductions for repayment of NLC loans as the decision to apply for a NLC loan is not limited to annual open enrollment or a qualifying life event. Increases in workload for state agencies and state education institutions are expected to be accomplished within existing resource and funding levels.

Additionally, the bill would impact the workload of the State Comptroller to process payroll deduction payments to NLC lenders if a state employee elects to receive a NLC loan. Increases in workload are within the routine administrative function of the agency and are expected to be accomplished within existing resource and funding levels.

Explanation of State Revenues:
