If a person fails to successfully complete the basic training requirements within one (1) year from the date of employment, the officer may not perform any of the duties of a law enforcement officer involving control or direction of members of the public or exercising the power of arrest until the officer has successfully completed the training requirements. This subsection does not apply to any law enforcement officer appointed before July 6, 1972, or after June 30, 1993.

(c) Military leave or other authorized leave of absence from law enforcement duty during the first year of employment after July 6, 1972, shall toll the running of the first year, which shall be calculated by the aggregate of the time before and after the leave, for the purposes of this chapter.

(2) an:

(A) attorney; or

(B) investigator;

designated by the securities commissioner as a police officer of the state under IC 23-19-6-1(k).

Before a law enforcement officer appointed after June 30, 1993, completes the basic training requirements, the law enforcement officer may exercise the police powers described in subsection (d) if the officer successfully completes the pre-basic course established in subsection (f). Successful completion of the pre-basic course authorizes a law enforcement officer to exercise the police powers described in subsection (d) for one (1) year after the date the law enforcement officer is appointed.

(f) The board shall adopt rules under IC 4-22-2 to establish a pre-basic course for the purpose of training:

(1) law enforcement officers;

(2) police reserve officers (as described in IC 36-8-3-20); and

(3) conservation reserve officers (as described in IC 14-9-8-27); regarding the subjects of arrest, search and seizure, the lawful use of force, de-escalation training, interacting with individuals with autism, and the operation of an emergency vehicle. The pre-basic course must be offered on a periodic basis throughout the year at regional sites statewide. The pre-basic course must consist of at least forty (40) hours of course work. The board may prepare the classroom part of the pre-basic course using available technology in conjunction with live instruction. After June 30, 1993, a law enforcement officer who has satisfactorily completed basic training and has been appointed to a law enforcement department or agency on either a full-time or part-time basis is not eligible for continued employment unless the officer satisfactorily completes the mandatory inservice training requirements established by rules adopted by the board. Inservice training must include de-escalation training. Inservice training must also include training in interacting with persons with mental illness, addictive disorders, intellectual disabilities, autism, developmental disabilities, and Alzheimer's disease or related senile dementia, to be provided by persons approved by the secretary of family and social services and the board, and training concerning human and sexual trafficking and high risk missing persons (as defined in IC 5-2-17-1). The board may approve courses offered by other public or private training entities, including postsecondary educational institutions, as necessary in order to ensure the availability of an adequate number of inservice training programs. The board may waive an officer's inservice training requirements if the board determines that the officer's reason for lacking the required amount of inservice training hours is due to either an emergency situation or the unavailability of courses.

(h) This subsection applies only to a mandatory inservice training program under subsection (g). Notwithstanding subsection (g), the board may, without adopting rules under IC 4-22-2, modify the course work of a training subject matter, modify the number of hours of training required within a particular subject matter, or add a new subject matter, if the board satisfies the following requirements:

(1) The board must conduct at least two (2) public meetings on the proposed modification or addition.

(2) After approving the modification or addition at a public meeting, the board must post notice of the modification or addition on the Indiana law enforcement academy's Internet web site at least thirty (30) days before the modification or addition takes effect.

(i) The board shall also adopt rules establishing a town marshal basic training program, subject to the following:

(1) The program must require fewer hours of instruction and class

attendance and fewer courses of study than are required for the mandated basic training program.

(2) Certain parts of the course materials may be studied by a candidate at the candidate's home in order to fulfill requirements of the program.

(3) Law enforcement officers successfully completing the requirements of the program are eligible for appointment only in towns employing the town marshal system (IC 36-5-7) and having not more than one (1) marshal and two (2) deputies.

(4) The limitation imposed by subdivision (3) does not apply to an officer who has successfully completed the mandated basic training program.

(5) The time limitations imposed by subsections (b) and (c) for completing the training are also applicable to the town marshal basic training program.

(6) The program must require training in interacting with individuals with autism.
