Synopsis: Environmental management. Authorizes an ex officio advisory member of the Indiana recycling market development board to designate a representative to serve in an advisory capacity when the ex officio member is unable to attend a board meeting. Amends the law concerning certain facilities for the composting of vegetative matter to require that the facilities be designed and operated to prevent contamination from stormwater and leachate runoff and to require the use of controls at the facilities for ground water or surface water contamination, dust, odor, and noise. Creates an exception to the prohibition against establishing a sanitary landfill within one-half mile of an area subdivided for residential purposes. Amends the law on the recycling of electronic waste: (1) to require manufacturers of video display devices to submit an annual registration to the department of environmental management (department) not later than March 1 of each year and to report to the department not later than March 1 of each year the total weight in pounds of covered electronic devices that the manufacturers collected and recycled during the previous program year; and (2) to require collectors and registered recyclers of covered electronic devices to submit annual registrations to the department not later than March 1 of each year. Provides that the total amount otherwise available from the underground petroleum storage tank excess liability trust fund in connection with an eligible release discovered on or after July 1, 2016, shall be reduced by any annual registration fees that were due in 2014 or a later year and not paid in

 4 pounds determined in STEP THREE by the per pound cost of
 5 recycling established as follows:
- 6 (A) Forty cents (\$0.40) per pound for manufacturers that
 7 recycle less than fifty percent (50%) of the number of pounds
 8 determined in STEP ONE.

 10 recycle at least fifty percent (50%) but less than ninety percent
 11 (90%) of the number of pounds determined in STEP ONE.
- 12 (C) Twenty cents (\$0.20) per pound for manufacturers that
 13 recycle at least ninety percent (90%) of the number of pounds
 14 determined in STEP ONE.
- 15 (e) The following apply to the number of pounds of covered
 16 electronic devices recycled by the manufacturer from covered entities
 17 during the immediately preceding program year for purposes of
 18 subsection (d), STEP TWO:
- 19 (1) Except as provided in subdivision (3), the number is
 20 multiplied by one and one-tenth (1.1) to the extent that the
 21 covered electronic devices were recycled in Indiana.

 23 multiplied by one and five-tenths (1.5) to the extent that the
 24 covered electronic devices were recycled from covered entities
 25 not located in a metropolitan statistical area, as defined by the
 26 federal Office of Management and Budget.
- 27 (3) The number is multiplied by one and six-tenths (1.6) to the

 36 immediately preceding program year, as reported to the department
 37 under IC 13-20.5-3-1(a), during any of the three (3) immediately
 38 succeeding program years. A manufacturer may sell all or any part of
 39 its recycling credits to another manufacturer, at a price negotiated by
