**Sec. 1. In order to protect the public through verification of competency and ensure accountability for patient care related activities, all states license emergency medical services (EMS) personnel, such as emergency medical technicians (EMTs), advanced EMTs, and paramedics. This compact is intended to facilitate the day to day movement of EMS personnel across state boundaries in the performance of their EMS duties as assigned by an appropriate authority and authorize state EMS offices to afford immediate legal recognition to EMS personnel licensed in a member state. Sec. 10. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

Sec. 11. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the compact and in this chapter shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For purposes of this section, an emergency rule is one that must be adopted immediately in order to:

- (1) meet an imminent threat to public health, safety, or welfare;
- (2) prevent a loss of commission or member state funds;
- (3) meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
- (4) protect public health and safety.

Sec. 12. (a) The commission or an authorized committee of the

commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the Internet web site of the commission.

(b) The revisions shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule.

(c) A challenge shall be made in writing, and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

(c) The commission shall be entitled to receive service of process in any proceeding described in this section, and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

**Sec. 2. (a) If the commission determines that a member state has defaulted in the performance of the obligations or responsibilities under this compact or the promulgated rules, the commission shall:**

**(1) provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and**

**(2) provide remedial training and specific technical assistance regarding the default.**

(b) If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative

vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of the termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

(c) Termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(d) A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

(e) The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

(f) The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has the commission's principal offices. The prevailing member shall be awarded all costs of the litigation, including reasonable attorney's fees.

Sec. 3. (a) Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.

(b) The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

Sec. 4. (a) The commission, in the reasonable exercise of the commission's discretion, shall enforce the provisions and rules of this compact.

(b) By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has the commission's principal offices against a member state in default to enforce compliance with the provisions of the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary,

the prevailing member shall be awarded all costs of the litigation, including reasonable attorney's fees.

(c) The remedies under this chapter shall not be the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

**Chapter 14. Date of Implementation of the Interstate Commission for EMS Personnel Practice and Associated Rules, Withdrawal, and Amendment**

**Sec. 1.** The compact shall come into effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.

**Sec. 2.** Any state that joins the compact subsequent to the commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission shall have the full force and effect of law on the day the compact becomes law in that state.

**Sec. 3. (a)** Any member state may withdraw from this compact by enacting a statute repealing the compact.

**(b)** A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

**(c)** Withdrawal shall not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

**Sec. 4.** Nothing contained in this compact shall be construed to invalidate or prevent any EMS personnel licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this compact.

**Sec. 5.** This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until the amendment is enacted into the laws of all member states.

**Chapter 15. Construction and Severability**

**Sec. 1.** This compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state, the compact shall

**remain in full force and effect as to the remaining member states.**

**Sec. 2. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.**
