6 an attaching entity that violates this subsection shall pay a fine of five
7 hundred dollars (\$500) for each pole on which an unauthorized
8 attachment is made.

9 (o) An attachment to a utility pole made without notification to the
10 pole owner and without the pole owner's written authorization, as
11 required by subsection (n), is considered to have been made on:

12 (1) the date of the most recent survey; **or**

13 (2) the date that is five (5) years before the date of first discovery
14 of the unauthorized attachment by the pole owner;

15 whichever date is more recent. However, if the unauthorized pole
16 attachment is discovered by survey, the unauthorized attachment is
17 considered to have been made on the date of that survey.

18 (p) A pole owner's acceptance of payment for unauthorized pole
19 attachments does not constitute a waiver of any other rights or remedies
20 under an existing agreement or under any law.

21 (q) An attaching entity that has been given written permission from
22 a pole owner for an attachment to the pole owner's pole is responsible
23 for transferring the attachment not later than ninety (90) days after
24 receiving written notice from the pole owner to do so. If:

25 (1) after the expiration of the ninety (90) day period described in
26 this subsection; or

27 (2) after having been given as much notice as possible, in the case
28 of an emergency;

29 the attaching entity has failed to rearrange or transfer the attaching
30 entity's system, or an applicable portion of that system, the pole owner
31 may rearrange the system or portion of the system, transfer the system
32 or portion of the system to one (1) or more substituted poles, or relocate
33 the system or portion of the system, and the attaching entity shall
34 reimburse the pole owner for the pole owner's costs in doing so.
35 However, this section does not relieve the attaching entity from
36 maintaining adequate workforces readily at hand to handle the
37 rearrangement, repair, service, or maintenance of the attaching entity's
38 attached system, or any portions of that system, in the event that the
39 condition of the attached system, or any portion of the system, hinders
40 the pole owner's operations.

41 (r) An attaching entity is primarily responsible for:

42 (1) scheduling; and

1 (2) coordinating directly with all other users of a pole;
 2 all relocations required as part of any project of the attaching entity.
 3 The pole owner shall assist in coordinating the relocation of the
 4 attaching entity's attachments or of other attachments to the pole
 5 owner's poles whenever the relocation is caused by any project of the
 6 attaching entity. The attaching entity shall indemnify and hold harmless
 7 the pole owner from any loss or liability that is incurred or claimed by
 8 the attaching entity or the attaching entity's contractor, and that arises
 9 from or is related to the failure of the pole owner to timely relocate a
 10 pole if that same attaching entity has not timely removed its attachment
 11 from the pole owner's pole.

12 (s) To the extent any provision set forth in this section conflicts with
 13 a provision in a contract in effect on July 1, 2021, the provision in the
 14 contract controls unless otherwise agreed to by the attaching entity and
 15 the pole owner.

16 SECTION 13. IC 8-1-2.6-4, AS AMENDED BY P.L.177-2021,

 19 the interim study committee on energy, utilities, and
 20 telecommunications established by IC 2-5-1.3-4.

21 (b) The commission shall, by July 1 of each year, report to the
 22 committee in an electronic format under IC 5-14-6 on the following:

23 (1) The effects of competition and technological change on
 24 universal service and on pricing of all telecommunications
 25 services offered in Indiana.

26 (2) The status of competition and technological change in the
 27 provision of video service (as defined in IC 8-1-34-14) available
 28 to Indiana customers, as including the following information:

29 (A) The number of multichannel video programming
 30 distributors offering video service to Indiana customers.

31 (B) The technologies used to provide video service to Indiana
 32 customers.

33 (C) The advertised programming and pricing options offered
 34 by video service providers to Indiana customers.

35 (3) Best practices concerning vertical location of underground
 36 facilities for purposes of IC 8-1-26. A report under this
 37 subdivision must address the viability and economic feasibility of
 38 technologies used to vertically locate underground facilities.

39 (c) In addition to reviewing the commission report prepared under
 40 subsection (b), the committee may also issue a report and
 41 recommendations to the legislative council by November 1 of each year
 42 that is based on a review of the following issues:

- 1 (1) The effects of competition and technological change in the
- 2 telecommunications industry and impact of competition on
- 3 available subsidies used to maintain universal service.
- 4 (2) The status of modernization of the publicly available
- 5 telecommunications infrastructure in Indiana and the incentives
- 6 required to further enhance this infrastructure.
- 7 (3) The effects on economic development and educational
- 8 opportunities of the modernization described in subdivision (2).
- 9 (4) The current methods of regulating providers, at both the
- 10 federal and state levels, and the effectiveness of the methods.
- 11 (5) The economic and social effectiveness of current
- 12 telecommunications service pricing.
- 13 (6) All other telecommunications issues the committee deems
- 14 appropriate.

15 The report and recommendations issued under this subsection to the
 16 legislative council must be in an electronic format under IC 5-14-6.

17 (d) The committee shall, with the approval of the commission, retain
 18 the independent consultants the committee considers appropriate to
 19 assist the committee in the review and study. The expenses for the
 20 consultants shall be paid by the commission.

21 SECTION 14. IC 8-1-32.3-15, AS AMENDED BY P.L.177-2021,
 22 SECTION 6, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 23 JULY 1, 2022]: Sec. 15. (a) This chapter applies to permits issued by
 24 a permit authority to a communications service provider, under local
 25 law and consistent with IC 36-7, for the following:

- 26 (1) Construction of a new wireless support structure.
- 27 (2) Substantial modification of a wireless support structure.
- 28 (3) Collocation of wireless facilities on an existing structure.
- 29 (4) Construction, placement, and use of small cell facilities.

30 (b) A permit authority may not require an application or a permit
 31 for, or charge fees for, any of the following:

- 32 (1) The routine maintenance of wireless facilities.
- 33 (2) The replacement of wireless facilities with wireless facilities
 34 that are:
 - 35 (A) substantially similar to; or
 - 36 (B) the same size or smaller than;
- 37 the wireless facilities being replaced.

38 (3) The installation, placement, maintenance, or replacement of
 39 micro wireless facilities that are suspended on cables strung
 40 between existing utility poles in compliance with applicable codes
 41 by a communications service provider that is authorized to use the
 42 public rights-of-way. For purposes of this subdivision, "applicable

- 1 codes" means uniform building, fire, electrical, plumbing, or
 2 mechanical codes that are:
- 3 (A) adopted by a recognized national code organization; and
 - 4 (B) enacted solely to address imminent threats of destruction
 5 of property or injury to persons;
 6 including any local amendments to those codes.
- 7 (c) With respect to the construction, placement, or use of a small
 8 cell facility and the associated supporting structure, a permit authority
 9 may prohibit the placement of a new utility pole or a new wireless
 10 support structure in a right-of-way within an area that is designated
 11 strictly for underground or buried utilities, if all of the following apply:
- 12 (1) The area is designated strictly for underground or buried
 13 utilities before May 1, 2017.
 - 14 (2) No above ground:
 - 15 (A) wireless support structure;
 - 16 (B) utility pole; or
 - 17 (C) other utility superstructure;
 other than light poles or small cell facilities approved as part of a
 18 waiver process described in subdivision (3)(C), exists in the area.
 - 19 (3) The permit authority does all of the following:
 - 20 (A) Allows the collocation of small cell facilities on existing:
 - 21 (i) utility poles;
 - 22 (ii) light poles; and
 - 23 (iii) wireless support structures;
 as a permitted use within the area.
 - 24 (B) Allows the replacement or improvement of existing:
 - 25 (i) utility poles;
 - 26 (ii) light poles; and
 - 27 (iii) wireless support structures;
 as a permitted use within the area.
 - 28 (C) Provides:
 - 29 (i) a waiver;
 - 30 (ii) a zoning process; or
 - 31 (iii) another procedure;
 that addresses requests to install new utility poles or new
 32 wireless support structures within the area.
 - 33 (D) Upon receipt of an application for the construction,
 34 placement, or use of a small cell facility on one (1) or more
 35 new utility poles or one (1) or more new wireless support
 36 structures in an area that is designated strictly for underground
 37 or buried utilities, posts notice of the application on the permit
 38 authority's Internet web site, if the permit authority maintains
 39
 40
 41
 42

1 an Internet web site. The notice of the application required by
 2 this clause must include a statement indicating that the
 3 application is available to the public upon request.

4 (4) The prohibition or other restrictions with respect to the
 5 placement of new utility poles or new wireless support structures
 6 within the area are applied in a nondiscriminatory manner.

7 (5) The area is zoned strictly for residential land use before May
 8 1, 2017.

9 (d) With respect to applications for the placement of one (1) or more
 10 small cell facilities in an area that is zoned strictly for residential land
 11 use, and that is designated strictly for underground or buried utilities,
 12 a permit authority shall allow a neighborhood association or a
 13 homeowners association to register with the permit authority to:

14 (1) receive notice; and

15 (2) request that homeowners within the jurisdiction of the
 16 neighborhood association or homeowners association receive
 17 notice;

18 by United States mail or by electronic mail of any application filed with
 19 the permit authority for a permitted use described in subsection
 20 (c)(3)(A) or (c)(3)(B) or for the construction, placement, or use of a
 21 small cell facility on one (1) or more new utility poles or one (1) or
 22 more new wireless support structures in an area that is designated
 23 strictly for underground or buried utilities and that is within the
 24 jurisdiction of the neighborhood association or homeowners
 25 association. If the permit authority maintains an Internet web site, the
 26 permit authority shall post on the permit authority's Internet web site
 27 instructions for how a neighborhood association or homeowners
 28 association may register to receive notice under this subsection. A
 29 permit authority that receives a request under subdivision (2) may
 30 agree to provide notice to homeowners regarding a project for which
 31 applications described in this subsection have been filed with the
 32 permit authority, but not provide notice to homeowners regarding each
 33 permit application filed with the permit authority with respect to the
 34 project. A permit authority that receives a request under subdivision (2)
 35 may agree to provide notice only to certain homeowners. A permit
 36 authority may require a neighborhood association, homeowners
 37 association, or homeowner to pay the cost of postage associated with
 38 the mailed provision of notice to the neighborhood association,
 39 homeowners association, or homeowner under this subsection. A
 40 permit authority that chooses to provide mailed notice under this
 41 subsection at its own cost may choose to pass those costs along to a
 42 permit applicant. Any mailing costs passed through to an applicant

1 under this subsection are not in addition to the application fee, and
 2 shall not increase the application fee beyond the limit set forth in
 3 section 26(a)(3) of this chapter. A permit authority may not pass
 4 through to an applicant any costs for notices provided electronically.

5 (e) This subsection does not apply to an application for a permitted
 6 use described in subsection (c)(3)(A) or (c)(3)(B). With respect to an
 7 area that is designated strictly for underground or buried utilities in
 8 accordance with subsection (c), to establish the standards that will
 9 apply in a waiver, zoning process, or other procedure described in
 10 subsection (c)(3)(C), a permit authority may collaborate with a
 11 neighborhood association or a homeowners association on the preferred
 12 location and reasonable aesthetics of new utility poles or new wireless
 13 support structures added within the jurisdiction of the neighborhood
 14 association or homeowners association. For purposes of this
 15 subsection, a permit authority is considered to have collaborated with
 16 a neighborhood association or a homeowners association if the permit
 17 authority adopts neighborhood specific guidelines after providing
 18 notice and allowing public comment on the proposed guidelines. A
 19 permit authority must comply with any guidelines adopted under this
 20 subsection with respect to a particular application for a permit if:

- 21 (1) the guidelines have been adopted and published before the
- 22 filing of the application in a manner consistent with this
- 23 subsection;
- 24 (2) subject to subsection (f), compliance with the guidelines is
- 25 technically feasible and cost-efficient, as determined by the
- 26 applicant; and
- 27 (3) compliance with the guidelines does not result in a prohibition
- 28 of the applicant's service or an effective prohibition of the
- 29 applicant's service.

30 A permit authority that elects not to collaborate with a neighborhood
 31 association or a homeowners association to adopt neighborhood
 32 specific guidelines under this subsection is not precluded from using
 33 the waiver, zoning process, or other procedure described in subsection
 34 (c)(3)(C) with respect to any application to place one (1) or more new
 35 utility poles or new wireless support structures within the jurisdiction
 36 of the neighborhood association or homeowners association.

37 (f) In demonstrating that compliance with guidelines adopted by a
 38 permit authority under subsection (e) is not technically feasible under
 39 subsection (e)(2), a permit applicant may not be required to submit
 40 information about the need for a small cell facility or the associated
 41 wireless support structure, including:

- 42 (1) information about additional wireless coverage or capacity, or

1 increased wireless speeds;
 2 (2) propagation maps or telecommunications traffic studies; or
 3 (3) information about the permit applicant's business decisions
 4 with respect to:
 5 (A) service;
 6 (B) customer demand; or
 7 (C) quality of service;
 8 to or from a particular area or site.
 9 (g) Subject to section 26(b) of this chapter, with respect to the
 10 construction, placement, or use of a small cell facility and the
 11 associated supporting structure within an area:
 12 (1) designated as a historic preservation district under IC 36-7-11;
 13 (2) designated as a historic preservation area under IC 36-7-11.1;
 14 or
 15 (3) that is subject to the jurisdiction of the Meridian Street
 16 preservation commission under IC 36-7-11.2;
 17 a permit authority may apply any generally applicable procedures that
 18 require applicants to obtain a certificate of appropriateness.
 19 (h) An applicant for the placement of a small cell facility and an
 20 associated supporting structure shall comply with applicable:
 21 (1) Federal Communications Commission requirements; and
 22 (2) industry standards;
 23 for identifying the owner's name and contact information.
 24 (i) A resolution, ordinance, or other regulation:
 25 (1) adopted by a permit authority after April 14, 2017, and before
 26 May 2, 2017; and
 27 (2) that designates an area within the jurisdiction of the permit
 28 authority as strictly for underground or buried utilities;
 29 applies only to communications service providers and those geographic
 30 areas that are zoned residential and where all existing utility
 31 infrastructure is already buried.
 32 (j) Nothing in this section extends the time periods set forth in
 33 section 20 of this ~~section~~ **chapter**.
 34 SECTION 15. IC 8-1-40.5-12, AS ADDED BY P.L.80-2021,
 35 SECTION 1, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 36 JULY 1, 2022]: Sec. 12. (a) The interest of an assignee in securitization
 37 property and in securitization charges is not subject to setoff,
 38 counterclaim, surcharge, or defense by the electric utility or any other
 39 person, or in connection with the bankruptcy of the electric utility or
 40 any other person. A financing order remains in effect and unabated
 41 notwithstanding the bankruptcy of the electric utility, its successors, or
 42 assignees.

1 (b) A financing order must include terms ensuring that the
 2 securitization charges authorized under the order are nonbypassable
 3 charges that are payable by all customers and customer classes of the
 4 electric utility, including any customer that:

5 (1) is participating in:

6 (A) a net metering program under 170 IAC 4-4.2;

7 (B) a distributed generation program under IC 8-1-40; or

8 (C) a feed-in-tariff program;

9 offered by the electric utility; or

10 (2) supplies at least part of the customer's own electricity demand.

11 (c) A financing order must include a mechanism requiring that
 12 securitization charges be reviewed and adjusted by the commission at
 13 least annually. Each year, not earlier than forty-five (45) days before
 14 the anniversary date of the issuance of securitization bonds under the
 15 financing order, and not later than the anniversary date of the issuance
 16 of the securitization bonds, the electric utility shall submit to the
 17 commission an application to do the following:

18 (1) Correct any ~~over collections~~ **overcollections** or ~~under~~
 19 ~~collections~~ **undercollections** of securitization charges during the
 20 twelve (12) months preceding the date of the filing of the electric
 21 utility's application under this section. For the first annual review
 22 under this section, the electric utility shall correct for any ~~over~~
 23 ~~collections~~ **overcollections** or ~~under collections~~ **undercollections**
 24 of securitization charges during those months:

25 (A) that precede the date of the filing of the electric utility's
 26 application under this section; and

27 (B) in which securitization charges were collected.

28 (2) Ensure, through proposed securitization charges, as set forth
 29 by the electric utility in the application, the expected recovery of
 30 amounts sufficient to timely provide all payments of debt service
 31 and other required amounts and charges in connection with the
 32 securitization bonds.

33 The commission shall review the application, including the electric
 34 utility's proposed securitization charges. The review of the filing must
 35 be limited to determining whether the application contains any
 36 mathematical or clerical errors in the application of the formula-based
 37 mechanism relating to the appropriate amount of any overcollection or
 38 undercollection of the securitization charges and the amount of an
 39 adjustment. If the proposed securitization charges have been
 40 appropriately calculated, the commission shall issue an order approving
 41 the application and the proposed securitization charges not later than
 42 forty-five (45) days after the filing of the application. The commission

1 shall approve any revisions to securitization charges under this
 2 subsection without conducting an evidentiary hearing. At any time
 3 during a calendar year, an electric utility may, on its own initiative, file
 4 an application with the commission under this section as the electric
 5 utility may determine to be necessary to meet the requirements set forth
 6 in subdivisions (1) and (2). The commission shall review any
 7 application filed by an electric utility outside of the annual review
 8 schedule, including the electric utility's proposed securitization
 9 charges, and if the proposed securitization charges have been
 10 appropriately calculated issue an order approving the application and
 11 the proposed securitization charges not later than forty-five (45) days
 12 after the filing of the application.

13 (d) A financing order must provide that:

14 (1) any difference between:

15 (A) qualified costs approved by the commission in the
 16 financing order; and

17 (B) the electric utility's qualified costs at the time an electric
 18 generation facility is retired;

19 shall be accounted for by the electric utility as a regulatory asset
 20 or liability;

21 (2) an electric utility that ultimately incurs costs of removal and
 22 restoration greater than the amount estimated at the time an
 23 electric generation facility is retired may seek recovery of such
 24 incremental costs through rates; and

25 (3) the commission may approve recovery of incremental costs
 26 under subdivision (2) if the commission finds the costs just and
 27 reasonable.

 7 SECTION 2, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE
 8 JULY 1, 2022]: Sec. 3. (a) This section applies to a will executed
 9 before, on, or after July 1, 2003. A will, other than a nuncupative will,
 10 must be executed by the signature of the testator and of at least two (2)
 11 witnesses on:

- 12 (1) a will under subsection (b);
 13 (2) a self-proving clause under section 3.1(c) of this chapter; or
 14 (3) a self-proving clause under section 3.1(d) of this chapter.
 15 (b) A will may be attested as follows:
 16 (1) The testator, in the presence of two (2) or more attesting
 17 witnesses, shall signify to the witnesses that the instrument is the
 18 testator's will and either:
 19 (A) sign the will;
 20 (B) acknowledge the testator's signature already made; or
 21 (C) at the testator's direction and in the testator's presence have
 22 someone else sign the testator's name.
 23 (2) The attesting witnesses must sign in the presence of the
 24 testator and each other.

25 An attestation or self-proving clause is not required under this
 26 subsection for a valid will.

27 (c) Under the supervision of an attorney or directed paralegal, the
 28 testator and the witnesses may execute and complete the will in two (2)
 29 or more original counterparts that exist in a tangible and readable paper
 30 form with:

- 31 (1) the testator's signature placed on one (1) original counterpart
 32 in the presence of attesting witnesses; and

 38 of the separately signed paper counterparts of the will and the
 39 signatures of the testator and all attesting witnesses not later than five

 41 the testator and witnesses. If the testator directs another individual to
 42 assemble the separate, signed paper counterparts of the will into a

1 single composite paper document, the five (5) business day period does
 2 not commence until the compiling individual receives all of the
 3 separately signed paper counterparts. Any scanned copy or photocopy
 4 of the composite document containing all signatures shall be treated as
 5 validly signed under this section and may be electronically filed to offer
 6 the will for probate under IC 29-1-7. If the testator dies after executing
 7 a will under this subsection but before the separate counterparts are
 8 assembled into a single composite paper document, the intervening
 9 death of the testator shall not affect the validity of the will.

10 (d) An attorney or directed paralegal must supervise the execution
 11 of a will that is signed and witnessed in counterparts as described in
 12 subsection (c). An attorney or directed paralegal may supervise the
 13 execution of a will in counterparts even if the supervising attorney or
 14 directed paralegal is one (1) of the will's attesting witnesses. When an
 15 attorney or directed paralegal supervises the execution of a will in
 16 counterparts as described in subsection (c), the attorney or directed
 17 paralegal must sign, date, and complete an affidavit of compliance
 18 within a reasonable time after all paper counterparts of the will have
 19 been signed by the testator and the witnesses. An affidavit of
 20 compliance under this subsection must be sworn or affirmed by the
 21 signing attorney or directed paralegal under the penalties of perjury and
 22 must contain the following information:

23 (1) The name and residence address of the testator.

24 (2) The name and:

 32 physically located when the witness signed an original
 33 counterpart of the will as a witness.

34 (5) A description of the method and form of identification used to
 35 confirm the identity of the testator to the witnesses and to the
 36 supervising attorney or directed paralegal, as applicable.

37 (6) A description of the audiovisual technology or other method
 38 used by the supervising attorney or paralegal, as applicable, the
 39 testator, and the witnesses for the purpose of interacting with each
 40 other in real time during the signing process.

41 (7) A description of the method used by the testator and the
 42 witnesses to identify the location of each page break within the

1 text of the will and to confirm that the separate paper counterparts
2 of the will were identical in content.

3 (8) A general description of how and when the attorney or
4 paralegal, as applicable, physically combined the separate, signed
5 paper counterparts of the will into a single composite paper
6 document containing the will, the signature of the testator, and the
7 signatures of all attesting witnesses.

8 (9) The name, business or residence address, and telephone
9 number of the attorney or directed paralegal who supervised the
10 execution and witnessing of the will in counterparts.

11 (10) Any other information that the supervising attorney or
12 directed paralegal, as applicable, considers to be material with
13 respect to:

14 (A) the testator's capacity to sign a valid will; and

15 (B) the testator's and witnesses' compliance with subsection

16 (c).

17 (e) When a party files a petition under IC 29-1-7 to probate a will
18 that was executed and witnessed in counterparts under subsection (c),
19 the party shall file a true copy of the affidavit of compliance under
20 subsection (d) with the petition or at any time ordered by the court. A
21 party who files a copy of the affidavit of compliance may redact private
22 information from the affidavit in a manner consistent with Rule 5 of the
23 Indiana Rules on Access to Court Records. If a will is executed and
24 witnessed in counterparts under subsection (c) but without the
25 supervision of an attorney or directed paralegal and that will is later
26 offered for probate under IC 29-1-7, the will is voidable in the
27 discretion of the court, upon objection to probate filed under
28 IC 29-1-7-16, or upon a timely filed will contest under ~~IC 2-29-7-17~~.
29 **IC 29-1-7-17.**

30 (f) A will that is executed substantially in compliance with
31 subsection (b) will not be rendered invalid by the existence of:

32 (1) an attestation or self-proving clause or other language; or

33 (2) additional signatures;

34 not required by subsection (b).

35 (g) A will executed in accordance with subsection (b) is self-proved
36 if the witness signatures follow an attestation or self-proving clause or
37 other declaration indicating in substance the facts set forth in section
38 3.1(c) or 3.1(d) of this chapter.

39 (h) This section shall be construed in favor of effectuating the
40 testator's intent to make a valid will.

19 statement, for informational purposes only, of the location of each
20 property by street address, if any, or other common description of the

23 otherwise valid sale.

24 (i) The sheriff may charge an administrative fee of not more than
25 two hundred dollars (\$200) with respect to a proceeding referred to in
26 subsection (b) for actual costs directly attributable to the administration
