The tax credit provided by this section is in addition to any credit to which a shareholder or partner is otherwise entitled under this chapter. However, a business firm and a shareholder or partner of that business firm may not claim a credit under this chapter for the same monetary contribution to a qualifying foster care organization.

- Sec. 4. (a) Any business firm or person that desires to claim a tax credit as provided in this chapter shall file with the department, in the form that the department may prescribe, an application stating the amount of the contribution or investment that it proposes to make that would qualify for a tax credit, and the amount sought to be claimed as a credit.
- (b) The department shall promptly notify an applicant whether, or the extent to which, the tax credit is allowable in the state fiscal year in which the application is filed, as provided in section 5 of this chapter. If the credit is allowable in that state fiscal year, the applicant shall within thirty (30) days after receipt of the notice file with the department a statement, in the form and accompanied by the proof of payment as the department may prescribe, setting forth that the amount to be claimed as a credit under this chapter has been paid to a qualifying foster care organization for an approved program or purpose, or permanently set aside in a special account to be used solely for an approved program or purpose.
- (c) The department may disallow any credit claimed under this chapter for which the statement or proof of payment is not filed within the thirty (30) day period.
- Sec. 5. (a) The amount of tax credits allowed under this chapter may not exceed two million dollars (\$2,000,000) in the state fiscal year beginning July 1, 2021, and each state fiscal year thereafter.
- (b) The department shall record the time of filing of each application for allowance of a tax credit required under section 4 of this chapter and shall approve the applications, if they otherwise qualify for a tax credit under this chapter, in the chronological order in which the applications are filed in the state fiscal year.
- (c) When the total tax credits approved under this section equal the maximum amount allowable in any state fiscal year, no application thereafter filed for that same fiscal year shall be approved. However, if any applicant for whom a credit has been

approved fails to file the statement of proof of payment required
under section 4 of this chapter, an amount equal to the credit
previously allowed or set aside for the applicant may be allowed to
any subsequent applicant in the year. In addition, the department
may, if the applicant so requests, approve a credit application, in
whole or in part, with respect to the next succeeding state fiscal
