SENATE BILL No. 6

By Senator Faust-Goudeau

1-9

AN ACT concerning the Kansas department for children and families; relating to performance-based contracting.

Be it enacted by the Legislature of the State of Kansas:

Section 1. (a) The Kansas department for children and families shall collaborate with community partners and stakeholders to jointly develop a plan for implementation of a core set of performance-based contracts to provide an array of evidence-based and prevention and early intervention services for families who are at risk for an out-of-home placement or have a child in out-of-home care and for children who are awaiting adoption. The implementation plan must describe:

- (1) The services that are required to be delivered under the contract in order to assure that providers have the flexibility to provide adequate, appropriate and relevant evidence-based services to individual families;
- (2) the outcome measures that will be used to evaluate the effectiveness of performance under the contracts;
- (3) how families will be referred to contracted providers, including the protocols for continued communication or coordination between providers and the department in order to assure child safety and well-being and to promote the family's engagement; and
- (4) the optimum balance of shared responsibility for child protection and child welfare between the state and community-based providers, including a description of the core functions to be performed by each.
- (b) In developing the implementation plan, the Kansas department for children and families shall consider the capacity for region-wide delivery of an array of evidence-based and prevention and early intervention services to children and families, paying particular attention to the willingness and ability of the community and stakeholders to collaborate in the development of a plan by the reporting date and whether there are any existing and available multidisciplinary or multi-system work groups engaged in performance improvement or reform efforts. The Kansas department for children and families shall report to the governor, the house of representatives committee on children and seniors and the senate committee on public health and welfare by January 31, 2020, with a plan to begin implementation on July 1, 2020. Not later than January 31, 2021, the Kansas department for children and families shall provide to the

SB 6 2

governor and the legislature a status update and recommendations for continued progress.

- (c) The Kansas department for children and families shall develop a proposal for submission to the legislature for the reinvestment of savings from reduced foster care caseloads into evidence-based prevention and early intervention programs designed to prevent the need for or reduce the duration of foster care placements. The proposal shall be submitted to the legislature and the governor by January 31, 2021, and shall include sufficient detail regarding accounting, budgeting and allocation or other procedures for legislative consideration and approval.
- Sec. 2. This act shall take effect and be in force from and after its publication in the statute book.
