2 (3) Each state licensing board shall, in consultation with the Kentucky Office of Drug
3 Control Policy, establish the following by administrative regulation for those
4 licensees authorized to prescribe or dispense controlled substances:

14 Schedule II controlled substance if the prescription is intended to treat pain as
15 an acute medical condition, with the following exceptions:

16 1. The practitioner, in his or her professional judgment, believes that more
17 than a three (3) day supply of a Schedule II controlled substance is
18 medically necessary to treat the patient's pain as an acute medical
19 condition and the practitioner adequately documents the acute medical
20 condition and lack of alternative treatment options which justifies
21 deviation from the three (3) day supply limit established in this
22 subsection in the patient's medical records;

23 2. The prescription for a Schedule II controlled substance is prescribed to
24 treat chronic pain;

25 3. The prescription for a Schedule II controlled substance is prescribed to

12 directly to an ultimate user in an inpatient setting; or
- 13 8. Any additional treatment scenario deemed medically necessary by the
14 state licensing board in consultation with the Kentucky Office of Drug
15 Control Policy.

16 Nothing in this paragraph shall authorize a state licensing board to promulgate

19 (c) A prohibition on a practitioner dispensing greater than a forty-eight (48) hour
20 supply of any Schedule II controlled substance ~~or a Schedule III controlled~~
21 ~~substance containing hydrocodone~~ unless the dispensing is done as part of a
22 narcotic treatment program licensed by the Cabinet for Health and Family
23 Services;

24 (d) A procedure for temporarily suspending, limiting, or restricting a license held
25 by a named licensee where a substantial likelihood exists to believe that the
26 continued unrestricted practice by the named licensee would constitute a
27 danger to the health, welfare, or safety of the licensee's patients or of the

1 general public;

2 (e) A procedure for the expedited review of complaints filed against their
3 licensees pertaining to the improper, inappropriate, or illegal prescribing or
4 dispensing of controlled substances that is designed to commence an
5 investigation within seven (7) days of a complaint being filed and produce a
6 charging decision by the board on the complaint within one hundred twenty
7 (120) days of the receipt of the complaint, unless an extension for a definite
8 period of time is requested by a law enforcement agency due to an ongoing
9 criminal investigation;

10 (f) The establishment and enforcement of licensure standards that conform to the
11 following:

12 1. A permanent ban on licensees and applicants convicted after July 20,

14 controlled substances from prescribing or dispensing a controlled
15 substance;

16 2. Restrictions short of a permanent ban on licensees and applicants
17 convicted in this state or any other state of any misdemeanor offense
18 relating to prescribing or dispensing a controlled substance;

19 3. Restrictions mirroring in time and scope any disciplinary limitation
20 placed on a licensee or applicant by a licensing board of another state if
21 the disciplinary action results from improper, inappropriate, or illegal
22 prescribing or dispensing of controlled substances; and

23 4. A requirement that licensees and applicants report to the board any
24 conviction or disciplinary action covered by this subsection with
25 appropriate sanctions for any failure to make this required report;

26 (g) A procedure for the continuous submission of all disciplinary and other
27 reportable information to the National Practitioner Data Bank of the United

- 2 (h) If not otherwise required by other law, a process for submitting a query on
3 each applicant for licensure to the National Practitioner Data Bank of the

10 KRS 218A.202, pain management, or addiction disorders.
- 11 (4) For the purposes of pharmacy dispensing, the medical necessity for a Schedule II
12 controlled substance as documented by the practitioner in the patient's medical
13 record and the prescription for more than a three (3) day supply of that controlled
14 substance are presumed to be valid.
- 15 (5) A state licensing board shall employ or obtain the services of a specialist in the
16 treatment of pain and a specialist in drug addiction to evaluate information received
17 regarding a licensee's prescribing or dispensing practices related to controlled
18 substances if the board or its staff does not possess such expertise, to ascertain if the
19 licensee under investigation is engaging in improper, inappropriate, or illegal
20 practices.
- 21 (6) Any statute to the contrary notwithstanding, no state licensing board shall require
22 that a grievance or complaint against a licensee relating to controlled substances be
23 sworn to or notarized, but the grievance or complaint shall identify the name and
24 address of the grievant or complainant, unless the board by administrative
25 regulation authorizes the filing of anonymous complaints. Any such authorizing
26 administrative regulation shall require that an anonymous complaint or grievance be
27 accompanied by sufficient corroborating evidence as would allow the board to

1 believe, based upon a totality of the circumstances, that a reasonable probability
2 exists that the complaint or grievance is meritorious.

3 (7) Every state licensing board shall cooperate to the maximum extent permitted by law
4 with all state, local, and federal law enforcement agencies, and all professional
