18 provided in KRS 164.580;

19 (b) Upon approval of the Council on Postsecondary Education, an advanced

23 additional advanced practice doctoral programs.

24 (3) The Council on Postsecondary Education, in consultation with the Advisory

27 approved. The criteria shall include but not be limited to a determination of the

1 academic and workforce needs for a program, consideration of whether the program
2 can be effectively delivered through a collaborative effort with an existing program
3 at another public university within the Commonwealth, and the capacity of a

21 (b) Describe itself in official publications or in marketing materials as a research
22 university or research institution. Nothing in this paragraph shall be construed
23 as precluding a comprehensive university from conducting basic, applied, or
24 translational research.
