- 19 (2) (a) The secretary of the Finance and Administration Cabinet, upon the  
20 recommendation of the secretary of the Personnel Cabinet, shall procure, in  
21 compliance with the provisions of KRS 45A.080, 45A.085, and 45A.090,  
22 from one (1) or more insurers authorized to do business in this state, a group  
23 health benefit plan that may include but not be limited to health maintenance  
24 organization (HMO), preferred provider organization (PPO), point of service

1 employers of any class of employees or former employees shall enter into a  
2 contract with the Personnel Cabinet prior to including that group in the state

5 policies required for proper plan administration, acceptance of the contractual  
6 provisions with health insurance carriers or third-party administrators, and  
7 adoption of the payment and reimbursement methods necessary for efficient  
8 administration of the health insurance program. Health insurance coverage  
9 provided to state employees under this section shall, at a minimum, contain  
10 the same benefits as provided under Kentucky Kare Standard as of January 1,  
11 1994, and shall include a mail-order drug option as provided in subsection  
12 (13) of this section. All employees and other persons for whom the health care  
13 coverage is provided or made available shall annually be given an option to  
14 elect health care coverage through a self-funded plan offered by the  
15 Commonwealth or, if a self-funded plan is not available, from a list of  
16 coverage options determined by the competitive bid process under the  
17 provisions of KRS 45A.080, 45A.085, and 45A.090 and made available  
18 during annual open enrollment.

19 (b) The policy or policies shall be approved by the commissioner of insurance and  
20 may contain the provisions the commissioner of insurance approves, whether  
21 or not otherwise permitted by the insurance laws.

22 (c) Any carrier bidding to offer health care coverage to employees shall agree to  
23 provide coverage to all members of the state group, including active  
24 employees and retirees and their eligible covered dependents and  
25 beneficiaries, within the county or counties specified in its bid. Except as  
26 provided in subsection (20) of this section, any carrier bidding to offer health  
27 care coverage to employees shall also agree to rate all employees as a single

1           entity, except for those retirees whose former employers insure their active  
2           employees outside the state-sponsored health insurance program.

3           (d) Any carrier bidding to offer health care coverage to employees shall agree to  
4           provide enrollment, claims, and utilization data to the Commonwealth in a  
5           format specified by the Personnel Cabinet with the understanding that the data  
6           shall be owned by the Commonwealth; to provide data in an electronic form  
7           and within a time frame specified by the Personnel Cabinet; and to be subject  
8           to penalties for noncompliance with data reporting requirements as specified  
9           by the Personnel Cabinet. The Personnel Cabinet shall take strict precautions  
10          to protect the confidentiality of each individual employee; however,  
11          confidentiality assertions shall not relieve a carrier from the requirement of  
12          providing stipulated data to the Commonwealth.

13          (e) The Personnel Cabinet shall develop the necessary techniques and capabilities  
14          for timely analysis of data received from carriers and, to the extent possible,  
15          provide in the request-for-proposal specifics relating to data requirements,  
16          electronic reporting, and penalties for noncompliance. The Commonwealth  
17          shall own the enrollment, claims, and utilization data provided by each carrier  
18          and shall develop methods to protect the confidentiality of the individual. The  
19          Personnel Cabinet shall include in the October annual report submitted  
20          pursuant to the provisions of KRS 18A.226 to the Governor, the General  
21          Assembly, and the Chief Justice of the Supreme Court, an analysis of the  
22          financial stability of the program, which shall include but not be limited to  
23          loss ratios, methods of risk adjustment, measurements of carrier quality of  
24          service, prescription coverage and cost management, and statutorily required  
25          mandates. If state self-insurance was available as a carrier option, the report  
26          also shall provide a detailed financial analysis of the self-insurance fund  
27          including but not limited to loss ratios, reserves, and reinsurance agreements.

- 1 (f) If any agency participating in the state-sponsored employee health insurance  
2 program for its active employees terminates participation and there is a state  
3 appropriation for the employer's contribution for active employees' health  
4 insurance coverage, then neither the agency nor the employees shall receive  
5 the state-funded contribution after termination from the state-sponsored  
6 employee health insurance program.
- 7 (g) Any funds in flexible spending accounts that remain after all reimbursements  
8 have been processed shall be transferred to the credit of the state-sponsored  
9 health insurance plan's appropriation account.
- 10 (h) Each entity participating in the state-sponsored health insurance program shall  
11 provide an amount at least equal to the state contribution rate for the employer  
12 portion of the health insurance premium. For any participating entity that used  
13 the state payroll system, the employer contribution amount shall be equal to  
14 but not greater than the state contribution rate.
- 15 (3) The premiums may be paid by the policyholder:
- 16 (a) Wholly from funds contributed by the employee, by payroll deduction or  
17 otherwise;
- 18 (b) Wholly from funds contributed by any department, board, agency, public  
19 postsecondary education institution, or branch of state, city, urban-county,  
20 charter county, county, or consolidated local government; or
- 21 (c) Partly from each, except that any premium due for health care coverage or  
22 dental coverage, if any, in excess of the premium amount contributed by any  
23 department, board, agency, postsecondary education institution, or branch of  
24 state, city, urban-county, charter county, county, or consolidated local  
25 government for any other health care coverage shall be paid by the employee.
- 26 (4) If an employee moves his place of residence or employment out of the service area  
27 of an insurer offering a managed health care plan, under which he has elected

1 coverage, into either the service area of another managed health care plan or into an  
2 area of the Commonwealth not within a managed health care plan service area, the  
3 employee shall be given an option, at the time of the move or transfer, to change his  
4 or her coverage to another health benefit plan.

5 (5) No payment of premium by any department, board, agency, public postsecondary  
6 educational institution, or branch of state, city, urban-county, charter county,  
7 county, or consolidated local government shall constitute compensation to an  
8 insured employee for the purposes of any statute fixing or limiting the  
9 compensation of such an employee. Any premium or other expense incurred by any  
10 department, board, agency, public postsecondary educational institution, or branch  
11 of state, city, urban-county, charter county, county, or consolidated local  
12 government shall be considered a proper cost of administration.

13 (6) The policy or policies may contain the provisions with respect to the class or classes  
14 of employees covered, amounts of insurance or coverage for designated classes or  
15 groups of employees, policy options, terms of eligibility, and continuation of  
16 insurance or coverage after retirement.

17 (7) Group rates under this section shall be made available to the disabled child of an  
18 employee regardless of the child's age if the entire premium for the disabled child's  
19 coverage is paid by the state employee. A child shall be considered disabled if he  
20 has been determined to be eligible for federal Social Security disability benefits.

21 (8) The health care contract or contracts for employees shall be entered into for a period  
22 of not less than one (1) year.

23 (9) The secretary shall appoint thirty-two (32) persons to an Advisory Committee of  
24 State Health Insurance Subscribers to advise the secretary or his designee regarding  
25 the state-sponsored health insurance program for employees. The secretary shall  
26 appoint, from a list of names submitted by appointing authorities, members  
27 representing school districts from each of the seven (7) Supreme Court districts,

1 members representing state government from each of the seven (7) Supreme Court  
2 districts, two (2) members representing retirees under age sixty-five (65), one (1)  
3 member representing local health departments, two (2) members representing the  
4 Kentucky Teachers' Retirement System, and three (3) members at large. The  
5 secretary shall also appoint two (2) members from a list of five (5) names submitted  
6 by the Kentucky Education Association, two (2) members from a list of five (5)  
7 names submitted by the largest state employee organization of nonschool state  
8 employees, two (2) members from a list of five (5) names submitted by the  
9 Kentucky Association of Counties, two (2) members from a list of five (5) names  
10 submitted by the Kentucky League of Cities, and two (2) members from a list of  
11 names consisting of five (5) names submitted by each state employee organization  
12 that has two thousand (2,000) or more members on state payroll deduction. The  
13 advisory committee shall be appointed in January of each year and shall meet  
14 quarterly.

15 (10) Notwithstanding any other provision of law to the contrary, the policy or policies  
16 provided to employees pursuant to this section shall not provide coverage for  
17 obtaining or performing an abortion, nor shall any state funds be used for the  
18 purpose of obtaining or performing an abortion on behalf of employees or their  
19 dependents.

20 (11) Interruption of an established treatment regime with maintenance drugs shall be  
21 grounds for an insured to appeal a formulary change through the established appeal  
22 procedures approved by the Department of Insurance, if the physician supervising  
23 the treatment certifies that the change is not in the best interests of the patient.

24 (12) Any employee who is eligible for and elects to participate in the state health  
25 insurance program as a retiree, or the spouse or beneficiary of a retiree, under any  
26 one (1) of the state-sponsored retirement systems shall not be eligible to receive the  
27 state health insurance contribution toward health care coverage as a result of any

1 other employment for which there is a public employer contribution. This does not  
2 preclude a retiree and an active employee spouse from using both contributions to  
3 the extent needed for purchase of one (1) state sponsored health insurance policy for  
4 that plan year.

5 (13) (a) The policies of health insurance coverage procured under subsection (2) of  
6 this section shall include a mail-order drug option for maintenance drugs for  
7 state employees. Maintenance drugs may be dispensed by mail order in  
8 accordance with Kentucky law.

9 (b) A health insurer shall not discriminate against any retail pharmacy located  
10 within the geographic coverage area of the health benefit plan and that meets  
11 the terms and conditions for participation established by the insurer, including  
12 price, dispensing fee, and copay requirements of a mail-order option. The  
13 retail pharmacy shall not be required to dispense by mail.

14 (c) The mail-order option shall not permit the dispensing of a controlled  
15 substance classified in Schedule II.

16 (14) The policy or policies provided to state employees or their dependents pursuant to  
17 this section shall provide coverage for obtaining a hearing aid and acquiring hearing  
18 aid-related services for insured individuals under eighteen (18) years of age, subject  
19 to a cap of one thousand four hundred dollars (\$1,400) every thirty-six (36) months  
20 pursuant to KRS 304.17A-132.

21 (15) Any policy provided to state employees or their dependents pursuant to this section  
22 shall provide coverage for the diagnosis and treatment of autism spectrum disorders  
23 consistent with KRS 304.17A-142.

24 (16) Any policy provided to state employees or their dependents pursuant to this section  
25 shall provide coverage for obtaining amino acid-based elemental formula pursuant  
26 to KRS 304.17A-258.

27 (17) If a state employee's residence and place of employment are in the same county, and

1 if the hospital located within that county does not offer surgical services, intensive  
2 care services, obstetrical services, level II neonatal services, diagnostic cardiac  
3 catheterization services, and magnetic resonance imaging services, the employee  
4 may select a plan available in a contiguous county that does provide those services,  
5 and the state contribution for the plan shall be the amount available in the county  
6 where the plan selected is located.

7 (18) If a state employee's residence and place of employment are each located in counties  
8 in which the hospitals do not offer surgical services, intensive care services,  
9 obstetrical services, level II neonatal services, diagnostic cardiac catheterization  
10 services, and magnetic resonance imaging services, the employee may select a plan  
11 available in a county contiguous to the county of residence that does provide those  
12 services, and the state contribution for the plan shall be the amount available in the  
13 county where the plan selected is located.

14 (19) The Personnel Cabinet is encouraged to study whether it is fair and reasonable and  
15 in the best interests of the state group to allow any carrier bidding to offer health  
16 care coverage under this section to submit bids that may vary county by county or  
17 by larger geographic areas.

16 (2) Payments for hospital care, nursing-home care, and drugs or other medical,  
17 ophthalmic, podiatric, and dental supplies shall be on bases which relate the amount  
18 of the payment to the cost of providing the services or supplies. It shall be one (1) of  
19 the functions of the council to make recommendations to the Cabinet for Health and

25 (a) Motor vehicles that are not owned by the facility, including motor vehicles  
26 that are registered or owned by the facility but used primarily by the owner or  
27 family members thereof;

- 1           (b) The cost of motor vehicles, including vans or trucks, used for facility business

5           States Department of Labor. Medically equipped motor vehicles, vans, or  
6           trucks shall be exempt from the fifteen thousand dollar (\$15,000) limitation.  
7           Costs exceeding this limit shall not be reimbursable and shall be borne by the  
8           facility. Costs for additional motor vehicles, not to exceed a total of three (3)  
9           per facility, may be approved by the Cabinet for Health and Family Services if  
10          the facility demonstrates that each additional vehicle is necessary for the  
11          operation of the facility as required by regulations of the cabinet;
- 12          (c) Salaries paid to immediate family members of the owner or administrator, or  
13          both, of a facility, to the extent that services are not actually performed and are  
14          not a necessary function as required by regulation of the cabinet for the  
15          operation of the facility. The facility shall keep a record of all work actually  
16          performed by family members;
- 17          (d) The cost of contracts, loans, or other payments made by the facility to owners,  
18          administrators, or both, unless the payments are for services which would  
19          otherwise be necessary to the operation of the facility and the services are  
20          required by regulations of the Cabinet for Health and Family Services. Any  
21          other payments shall be deemed part of the owner's compensation in  
22          accordance with maximum limits established by regulations of the Cabinet for  
23          Health and Family Services. Interest paid to the facility for loans made to a  
24          third party may be used to offset allowable interest claimed by the facility;
- 25          (e) Private club memberships for owners or administrators, travel expenses for  
26          trips outside the state for owners or administrators, and other indirect  
27          payments made to the owner, unless the payments are deemed part of the

- 1 owner's compensation in accordance with maximum limits established by  
2 regulations of the Cabinet for Health and Family Services; and
- 3 (f) Payments made to related organizations supplying the facility with goods or  
4 services shall be limited to the actual cost of the goods or services to the  
5 related organization, unless it can be demonstrated that no relationship  
6 between the facility and the supplier exists. A relationship shall be considered  
7 to exist when an individual, including brothers, sisters, father, mother, aunts,  
8 uncles, and in-laws, possesses a total of five percent (5%) or more of  
9 ownership equity in the facility and the supplying business. An exception to  
10 the relationship shall exist if fifty-one percent (51%) or more of the supplier's  
11 business activity of the type carried on with the facility is transacted with  
12 persons and organizations other than the facility and its related organizations.
- 13 (3) No vendor payment shall be made unless the class and type of medical care  
14 rendered and the cost basis therefor has first been designated by regulation.

17 accompany any claim for reimbursement for induced premature births. This  
18 statement shall indicate the procedures used in providing the medical services.
- 19 (5) The range of medical care benefit standards provided and the quality and quantity  
20 standards and the methods for determining cost formulae for vendor payments  
21 within each category of public assistance and other recipients shall be uniform for  
22 the entire state, and shall be designated by regulation promulgated within the  
23 limitations established by the Social Security Act and federal regulations. It shall  
24 not be necessary that the amount of payments for units of services be uniform for  
25 the entire state but amounts may vary from county to county and from city to city, as  
26 well as among hospitals, based on the prevailing cost of medical care in each locale  
27 and other local economic and geographic conditions, except that insofar as allowed

1 by applicable federal law and regulation, the maximum amounts reimbursable for  
2 similar services rendered by physicians within the same specialty of medical  
3 practice shall not vary according to the physician's place of residence or place of  
4 practice, as long as the place of practice is within the boundaries of the state.

5 (6) Nothing in this section shall be deemed to deprive a woman of all appropriate  
6 medical care necessary to prevent her physical death.

7 (7) To the extent permitted by federal law, no medical assistance recipient shall be  
8 recertified as qualifying for a level of long-term care below the recipient's current  
9 level, unless the recertification includes a physical examination conducted by a  
10 physician licensed pursuant to KRS Chapter 311 or by an advanced practice  
11 registered nurse licensed pursuant to KRS Chapter 314 and acting under the  
12 physician's supervision.

13 (8) If payments made to community mental health centers, established pursuant to KRS  
14 Chapter 210, for services provided to the intellectually disabled exceed the actual  
15 cost of providing the service, the balance of the payments shall be used solely for  
16 the provision of other services to the intellectually disabled through community  
17 mental health centers.

18 (9) No long-term-care facility, as defined in KRS 216.510, providing inpatient care to  
19 recipients of medical assistance under Title XIX of the Social Security Act on July  
20 15, 1986, shall deny admission of a person to a bed certified for reimbursement  
21 under the provisions of the Medical Assistance Program solely on the basis of the  
22 person's paying status as a Medicaid recipient. No person shall be removed or  
23 discharged from any facility solely because they became eligible for participation in  
24 the Medical Assistance Program, unless the facility can demonstrate the resident or  
25 the resident's responsible party was fully notified in writing that the resident was  
26 being admitted to a bed not certified for Medicaid reimbursement. No facility may  
27 decertify a bed occupied by a Medicaid recipient or may decertify a bed that is

1 occupied by a resident who has made application for medical assistance.

2 (10) Family-practice physicians practicing in geographic areas with no more than one (1)  
3 primary-care physician per five thousand (5,000) population, as reported by the  
4 United States Department of Health and Human Services, shall be reimbursed one  
5 hundred twenty-five percent (125%) of the standard reimbursement rate for  
6 physician services.

7 (11) The Cabinet for Health and Family Services shall make payments under the Medical  
8 Assistance program for services which are within the lawful scope of practice of a  
9 chiropractor licensed pursuant to KRS Chapter 312, to the extent the Medical  
10 Assistance Program pays for the same services provided by a physician.

11 (12) (a) The Medical Assistance Program shall use the appropriate form and  
12 guidelines for enrolling those providers applying for participation in the  
13 Medical Assistance Program, including those licensed and regulated under  
14 KRS Chapters 311, 312, 314, 315, and 320, any facility required to be  
15 licensed pursuant to KRS Chapter 216B, and any other health care practitioner  
16 or facility as determined by the Department for Medicaid Services through an  
17 administrative regulation promulgated under KRS Chapter 13A. A Medicaid  
18 managed care organization shall use the forms and guidelines established  
19 under KRS 304.17A-545(5) to credential a provider. For any provider who  
20 contracts with and is credentialed by a Medicaid managed care organization  
21 prior to enrollment, the cabinet shall complete the enrollment process and  
22 deny, or approve and issue a Provider Identification Number (PID) within  
23 fifteen (15) business days from the time all necessary completed enrollment  
24 forms have been submitted and all outstanding accounts receivable have been  
25 satisfied.

26 (b) Within forty-five (45) days of receiving a correct and complete provider  
27 application, the Department for Medicaid Services shall complete the

1 enrollment process by either denying or approving and issuing a Provider  
2 Identification Number (PID) for a behavioral health provider who provides  
3 substance use disorder services, unless the department notifies the provider  
4 that additional time is needed to render a decision for resolution of an issue or  
5 dispute.

6 (c) Within forty-five (45) days of receipt of a correct and complete application for  
7 credentialing by a behavioral health provider providing substance use disorder  
8 services, a Medicaid managed care organization shall complete its contracting  
9 and credentialing process, unless the Medicaid managed care organization  
10 notifies the provider that additional time is needed to render a decision. If  
11 additional time is needed, the Medicaid managed care organization shall not  
12 take any longer than ninety (90) days from receipt of the credentialing  
13 application to deny or approve and contract with the provider.

14 (d) A Medicaid managed care organization shall adjudicate any clean claims  
15 submitted for a substance use disorder service from an enrolled and  
16 credentialed behavioral health provider who provides substance use disorder  
17 services in accordance with KRS 304.17A-700 to 304.17A-730.

18 (e) The Department of Insurance may impose a civil penalty of one hundred  
19 dollars (\$100) per violation when a Medicaid managed care organization fails  
20 to comply with this section. Each day that a Medicaid managed care  
21 organization fails to pay a claim may count as a separate violation.

22 (13) Dentists licensed under KRS Chapter 313 shall be excluded from the requirements  
23 of subsection (12) of this section. The Department for Medicaid Services shall  
24 develop a specific form and establish guidelines for assessing the credentials of  
25 dentists applying for participation in the Medical Assistance Program.

26 ➔Section 6. This Act takes effect on January 1, 2020.
