

1 AN ACT relating to nuclear energy development.

2 *Be it enacted by the General Assembly of the Commonwealth of Kentucky:*

3 ➔SECTION 1. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO  
4 READ AS FOLLOWS:

5 *(1) The Kentucky Nuclear Energy Development Authority is hereby established and*  
6 *attached to the University of Kentucky Center for Applied Energy Research for*  
7 *administrative purposes. The mission of the Kentucky Nuclear Energy*  
8 *Development Authority shall be to:*

9 *(a) Serve as the nonregulatory, trusted state government agency on nuclear*  
10 *energy issues and development in the Commonwealth; and*

11 *(b) Support and facilitate the development of the nuclear energy ecosystem*  
12 *across the Commonwealth in a collaborative manner that:*

13 *1. Enhances the Commonwealth's economy;*

14 *2. Offers energy production and economic development opportunities*  
15 *that are safe;*

16 *3. Protects the environment across the Commonwealth;*

17 *4. Supports community voices, especially in underrepresented or*  
18 *historically impacted areas;*

19 *5. Increases energy education; and*

20 *6. Prepares a future workforce.*

21 *(2) The Kentucky Nuclear Energy Development Authority shall be governed by an*  
22 *advisory board consisting of the following twenty-two (22) voting members and*  
23 *eight (8) nonvoting members:*

24 *(a) Seven (7) state government members or their designees who shall be voting*  
25 *members:*

26 *1. The director of the University of Kentucky Center for Applied Energy*  
27 *Research, who shall serve as chair;*

- 1            2. The secretary of the Energy and Environment Cabinet;
- 2            3. The secretary of the Cabinet for Economic Development;
- 3            4. The chair of the Public Service Commission;
- 4            5. The president of the Council on Postsecondary Education;
- 5            6. The secretary of the Education and Labor Cabinet; and
- 6            7. The director of the Division of Emergency Management;
- 7            (b) Fifteen (15) at-large members who shall be voting members:
- 8            1. A representative from each of the four (4) investor-owned electric
- 9            utilities operating in the Commonwealth, designated by the president
- 10           of each investor-owned electric utility, unless two (2) or more of the
- 11           investor-owned electric utilities are operated under common
- 12           ownership, in which case only one (1) representative shall be
- 13           designated for the commonly owned utilities;
- 14           2. Three (3) representatives of electric cooperatives designated by the
- 15           chief operating officer of the Kentucky Association of Electric
- 16           Cooperatives, as follows:
- 17           a. One (1) of whom shall represent distribution cooperatives; and
- 18           b. Two (2) of whom shall represent each of the generation and
- 19           transmission electric cooperatives operating in the
- 20           Commonwealth, unless they are operated under common
- 21           ownership, in which case only one (1) representative shall be
- 22           designated for the commonly owned generation and transmission
- 23           electric cooperatives;
- 24           3. A representative of the Tennessee Valley Authority, designated by its
- 25           chief nuclear officer;
- 26           4. A representative of municipal utilities, designated by the executive
- 27           director of the Kentucky League of Cities;

- 1            5. A representative of nuclear site remediation services, designated by the  
2            director of business services for the Four Rivers Nuclear Partnership  
3            or by another organization that provides nuclear site remediation  
4            services;
- 5            6. A representative for environmental interests, designated by the  
6            executive director of the Kentucky Conservation Committee;
- 7            7. A representative of manufacturers, designated by the president of the  
8            Kentucky Association of Manufacturers;
- 9            8. A representative for commercial interests, designated by the president  
10           of the Kentucky Chamber of Commerce;
- 11           9. A mayor of a city, designated by the executive director of the Kentucky  
12           League of Cities, who lives in an "energy community" as that term is  
13           used in the Inflation Reduction Act of 2022, Pub. L. No. 117-169, and  
14           as it is defined in the latest guidance by the Internal Revenue Service;  
15           and
- 16           10. A county judge/executive, designated by the executive director of the  
17           Kentucky Association of Counties, who lives in an "energy  
18           community" as that term is used in the Inflation Reduction Act of  
19           2022, Pub. L. No. 117-169, and as it is defined in the latest guidance  
20           by the Internal Revenue Service; and
- 21           (c) Eight (8) nonvoting members:
- 22           1. The president of the Nuclear Energy Institute, or designee;  
23           2. A representative from a national nuclear educational nonprofit  
24           organization, designated by the chair and confirmed by a majority of  
25           the voting members;
- 26           3. A representative from a United States Department of Energy National  
27           Laboratory with expertise in nuclear energy policy issues, designated

- 1 by the chair and confirmed by a majority of the voting members;
- 2 4. A representative from a nongovernmental nuclear policy advocacy  
3 organization, designated by the chair and confirmed by a majority of  
4 the voting members;
- 5 5. Two (2) members of the Senate, who shall serve as ex officio members,  
6 designated by the President of the Senate; and
- 7 6. Two (2) members of the House of Representatives, who shall serve as  
8 ex officio members, designated by the Speaker of the House of  
9 Representatives.
- 10 (3) State government members named in subsection (2)(a) of this section and  
11 members of the General Assembly named in subsection (2)(c)5. and 6. of this  
12 section shall serve on the advisory board during the terms of their appointed or  
13 elected state government positions. After the initial appointments, all other  
14 members of the advisory board shall serve terms of four (4) years. Members shall  
15 be eligible to succeed themselves and shall serve until their successors are  
16 appointed. A vacancy occurring during the term of any member shall be filled in  
17 the same manner as the original appointment.
- 18 (4) A majority of the voting members of the advisory board shall constitute a quorum  
19 for the purposes of conducting business. The advisory board shall meet at least  
20 quarterly, or more often at the call of the chair.
- 21 (5) Members of the advisory board shall not be paid for their service as board  
22 members, and they shall not be reimbursed for any expenses relating to their  
23 attendance of board meetings.
- 24 (6) The advisory board shall hire a director of the authority who shall possess the  
25 skills and experience necessary to lead the authority effectively, promote the safe  
26 and responsible development of nuclear energy, and achieve the authority's  
27 purposes described in subsection (7) of this section.

1 (7) The purposes of the authority shall be to:

2 (a) Assist interested communities in understanding advanced nuclear  
3 opportunities, including the importance of secure, firm, cost-competitive  
4 power for customers and for economic development opportunities, as well as  
5 the potential for direct and indirect economic benefits associated with the  
6 employment and tax revenue generated from nuclear energy projects;

7 (b) Provide information to the public on the history of nuclear energy  
8 technologies in the Commonwealth, the status of existing nuclear energy  
9 projects within the Commonwealth, and the potential benefits and concerns  
10 associated with nuclear energy technologies;

11 (c) Develop the capacity for nuclear energy economic development in the  
12 Commonwealth, which shall include providing information to educational  
13 institutions on the types of career opportunities that will be available with  
14 the development of nuclear energy, building strong relationships with  
15 economic development professionals, promoting existing economic  
16 development incentives applicable to nuclear energy development, and  
17 seeking out new grants and other financial support for nuclear energy  
18 development;

19 (d) Seek greater clarity and certainty with stakeholders on financial support for  
20 early nuclear site permitting, the process for obtaining a nuclear power  
21 facility certificate of public convenience and necessity, and the recovery of  
22 construction work in progress for nuclear energy projects;

23 (e) Work with communities that have previously hosted nuclear-related  
24 activities and other communities facing a transition away from fossil fuels  
25 to empower those communities with the resources and information  
26 necessary to engage with regulators, developers, and decisionmakers on  
27 new nuclear power facilities, nuclear component manufacturing facilities,

1 and fuel cycle facilities;

2 (f) Strengthen engagement with the federal Nuclear Regulatory Commission  
3 by reviewing current safety and security practices implemented at different  
4 types of nuclear energy facilities under their purview, promoting the  
5 streamlining of permitting efforts, and supporting the siting of interim and  
6 permanent nuclear storage facilities via the continued use of consent-based  
7 siting;

8 (g) Build the organizational capacity to engage and potentially convene a  
9 consortium of stakeholders interested in nuclear energy technologies that  
10 would consist of utilities, environmental advocates, electric cooperatives,  
11 and major industrial companies in order to share best practices, including  
12 how to share risk associated with developing and constructing new nuclear  
13 power plants within the Commonwealth;

14 (h) Engage with the United States Department of Energy National  
15 Laboratories, academic institutions, and private companies on efforts to  
16 develop deployable technologies to reprocess or recycle spent nuclear fuel;  
17 and

18 (i) Maintain awareness of potential events that could initiate or accelerate the  
19 development of new nuclear energy technologies within the Commonwealth  
20 to allow the public to benefit from these projects.

21 (8) The authority, with the approval of the advisory board, shall:

22 (a) Propose and adopt bylaws for the management and operation of the  
23 authority;

24 (b) Develop and adopt a strategic plan for carrying out the purposes of the  
25 authority described in subsection (7) of this section;

26 (c) Create and update at least once every two (2) years a nuclear energy  
27 economic impact analysis for the Commonwealth;

- 1 (d) Employ necessary staff to carry out the functions of the authority; and  
2 (e) By December 1, 2025, and each December 1 thereafter, submit a report to  
3 the Governor and the Legislative Research Commission for referral to the  
4 Interim Joint Committees on Natural Resources and Energy,  
5 Appropriations and Revenue, and Economic Development and Workforce  
6 Investment providing a summary of the authority's activities and  
7 achievements since its last report and offering recommendations for the  
8 support and expansion of the nuclear energy ecosystem in the  
9 Commonwealth.

10 ➔SECTION 2. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO  
11 READ AS FOLLOWS:

12 (1) The Kentucky Nuclear Energy Development Authority, with the approval of its  
13 advisory board, shall develop and adopt criteria for awarding a nuclear-ready  
14 community designation to demonstrate a community's readiness to welcome  
15 nuclear energy-related development. The criteria to attain the designation shall  
16 include but not be limited to:

17 (a) The holding of local public educational meetings to educate the community  
18 on advanced nuclear energy technologies, the nuclear ecosystem, and the  
19 role that nuclear energy-related development could play in the community;

20 (b) The availability of sites within the community that have been recognized by  
21 the Cabinet for Economic Development as being suitable for nuclear  
22 energy-related projects; and

23 (c) The adoption of resolutions from the county and all cities in the county or a  
24 successful county ballot initiative declaring the community's readiness for  
25 nuclear energy-related projects to be developed and sited there.

26 (2) Communities may voluntarily apply to the Kentucky Nuclear Energy  
27 Development Authority for a nuclear-ready community designation in the form

1 and manner as the authority may require, and the authority shall evaluate the  
2 application and award the designation based on the criteria established under  
3 subsection (1) of this section.

4 ➔SECTION 3. A NEW SECTION OF SUBCHAPTER 12 OF KRS CHAPTER  
5 154 IS CREATED TO READ AS FOLLOWS:

6 (1) The Cabinet for Economic Development shall create and implement a financial  
7 assistance program for the development and location of nuclear energy-related  
8 projects to support the entire nuclear energy ecosystem in the Commonwealth,  
9 including utility and private sector economic development activities. The nuclear  
10 energy ecosystem includes but is not limited to:

11 (a) The nuclear fuel cycle, which includes fuel conversion, enrichment, and  
12 fabrication, as well as potential future spent fuel recycling and  
13 reprocessing;

14 (b) Reactor design and component manufacturing;

15 (c) Component supply chain manufacturing and distribution;

16 (d) Facility siting and development;

17 (e) Radioisotope production;

18 (f) Facility operation and maintenance;

19 (g) Decommissioning waste storage, transport, and management; and

20 (h) End uses of nuclear energy and co-products.

21 (2) The cabinet, in consultation with the Kentucky Nuclear Energy Development  
22 Authority established in Section 1 of this Act, shall verify and process eligible  
23 financial assistance requests for nuclear energy-related projects under the grant  
24 program, similar to the application, approval, and oversight process for the  
25 economic development fund program outlined in KRS 154.12-100. The authority  
26 shall promulgate administrative regulations in accordance with KRS Chapter  
27 13A to effectuate this section.

1           ➔Section 4. Members named to the advisory board of the Kentucky Nuclear  
2 Energy Development Authority in subsection (2)(b) of Section 1 of this Act shall serve  
3 initial terms of three years. Members named to the advisory board in subsection (2)(c)1.  
4 to 4. of Section 1 of this Act shall serve initial terms of two years.

5           ➔Section 5. The Kentucky Nuclear Energy Development Authority shall conduct  
6 a study to identify the workforce and educational needs to develop and support the  
7 nuclear ecosystem in the Commonwealth. The Kentucky Nuclear Energy Development  
8 Authority shall submit the findings of the study to the Governor and to the Legislative  
9 Research Commission on or before December 1, 2024.

10          ➔Section 6. The Kentucky Nuclear Energy Development Authority shall contract  
11 for services to produce a site suitability study to identify the best potential locations for  
12 nuclear reactors and other facilities related to the nuclear ecosystem in the  
13 Commonwealth. The Kentucky Nuclear Energy Development Authority shall submit the  
14 findings of the study to the Governor and to the Legislative Research Commission on or  
15 before December 1, 2025.

16          ➔Section 7. The Kentucky Nuclear Energy Development Authority shall contract  
17 for services to develop and implement an education and marketing plan to educate the  
18 public on modern nuclear energy technology and to provide information on the potential  
19 benefits of nuclear power generation and other applications of nuclear energy  
20 technologies.
