**(b) Once every five (5) years if the system has less than six (6) active and retired members.**

79.080, 90.400, 90.410, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.784, 95.851 to 95.884, or KRS Chapter 96 which is closed to new members pursuant to KRS 78.530, 95.520, 95.621, or 95.852 shall, if its local pension system provides a defined benefit, contribute annually to the pension system, for the benefit of the retirees of the system and the active participants who choose to remain in the system, and for the benefit of members who have completed at least twenty (20) years' service and withdrawn from service pursuant to KRS 95.857, an amount equal to that which would be required pursuant to the funding standards of KRS 95.868, plus so much of the principal amount of any unfunded prior service liability as the actuary states is necessary to maintain cash flow adequate to pay retiree and beneficiary payments until financial obligations to all retirees and beneficiaries are fully satisfied.

- (4) All lawful expenses for general administration, performance bonds, medical, actuarial, accounting, auditing, legal, and investment services of a retirement system listed in subsection (1) of this section shall be paid from the pension fund. Actuaries performing valuations~~evaluations~~ pursuant to this section shall include estimates of the expenses in their recommendations for pension system funding, and local governments shall add payments for the expenses to their annual contributions to their respective retirement systems.
- (5) A city or city agency, consolidated local government, or urban-county government may, pursuant to KRS 67A.340, 79.080, 90.410, or KRS Chapter 96 as applicable, provide for the retirement security of its employees through the creation of a money purchase or defined contribution plan qualified under Section 401(a) of the Internal Revenue Code of 1954 as amended. City employee deferred compensation plans created pursuant to KRS 18A.270, or money purchase or defined contribution plans, qualified under Section 401(a) of the Internal Revenue Code of 1954 as amended, which by their nature cannot have an unfunded liability, shall not be subject to the

- (6) No city or county, except an urban-county, or special district, nor any agency or instrumentality of a city or county or special district shall create or maintain for its officers or employees a defined benefit retirement system, which by its nature can have an unfunded liability. The provisions of this subsection shall not preclude employer contributions for city managers or other appointed local government executives who participate, pursuant to KRS 78.540, in a retirement system which operates in more than one (1) state, nor the continuation of a local government defined benefit retirement system which has been closed to new members but which must fulfill its obligations to current active members, retirees, and beneficiaries. Notwithstanding any provision to the contrary, the provisions of this subsection shall not apply to length of service awards programs established for the benefit of volunteer firefighters and volunteer life squad and volunteer rescue personnel.
- (7) Notwithstanding any provision to the contrary, any city or county may establish awards programs that recognize the length of service to the community by volunteer firefighters, volunteer life squads, and volunteer rescue personnel.

➔Section 2. KRS 67A.320 is amended to read as follows:

- (1) Any urban-county government in which there existed a municipality which had in effect an employees' pension fund prior to its merger into the urban-county form of government shall provide by comprehensive plan or ordinance for the maintenance of the pension fund for those employees covered by the pension fund, and shall in each case provide for the payment to the pension fund in each month of the sum necessary to maintain the fund in accordance with the actuarial principles established by the actuarial studies described in this section, and may assess monthly the amount or percent of the salary of the employees as determined on a

fair actuarial basis, and in any case not in excess of nine percent (9%) of the monthly salary of each employee unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employees' salaries or picked up pursuant to subsection (2) of this section and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the pension fund, provide for the performance of an actuarial valuation<sup>[study]</sup>, which shall be completed within six (6) months thereafter, and shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the fund, including any payments required to bring the fund to an actuarially sound position if it was not so at the time of the performance of the valuation<sup>[study]</sup>. The legislative body shall determine a reasonable period over which additional funding, if any, shall be made, which period shall not exceed thirty (30) years. A similar valuation<sup>[study]</sup> shall be arranged by the board at the cost of the urban-county government at least once in every three (3) year<sup>[three-year]</sup> to five (5) year period thereafter as prescribed by Section 1 of this Act. If the fund created by this section is extended to cover employees not described in the first sentence of this section, the actuarial valuation<sup>[study]</sup> shall determine the required payments necessary to keep the expanded fund on an actuarially sound basis, and the urban-county government shall maintain the fund, and shall assess against the additional covered employees the same monthly contribution as required for other government employees.

- (2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employee contributions required by this section for all compensation earned after August 1,

1982, and the contributions picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(10). However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employee until such time as the contributions are distributed or made available to the employee. The picked-up employee contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982, by the employee contribution, and the picked-up employee contribution shall be in lieu of an employee contribution. The urban-county government shall pay these picked-up employee contributions from the same source of funds which is used to pay earnings to the employee. The employee shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employee contributions picked up after August 1, 1982, shall be treated for all purposes of this section in the same manner and to the same extent as employee contributions made prior to August 1, 1982.

- (3) The pick up of employee contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employee retirement benefit is based.
- (4) There is hereby created a board for the existing employees' pension fund and trustees of that board. Trustees from the pension fund board shall consist of the mayor, four (4) members of the legislative body of the urban-county government selected by the legislative body, the secretary of the Finance and Administration Cabinet, the director of the Division of Personnel, and three (3) civil service employees or retirees to be elected to the board by those employees and retirees covered by the employees' pension fund. In the event that there is no position in the

urban-county government denominated secretary of the Finance and Administration Cabinet and/or director of the Division of Personnel, the appointed office of the urban-county government exercising the functions most closely resembling such office shall serve as trustee.

- (5) Temporary employees appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.
- (6) In no year shall the contribution by the urban-county government to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employees.
- (7) The trustees of the pension fund shall, at least once every three (3) months, report in writing to the mayor the receipts, expenditures, and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three (3) places where urban-county employees frequent and report.
- (8) If the urban-county government issues the appropriate order allowing participation in the County Employees Retirement System alternate participation plan pursuant to KRS 78.530(3) and 78.531(2), the urban-county government shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local pension fund and to retirees and their survivors as determined by actuarial valuation~~[evaluation]~~ and other than assets payable to the County Employees Retirement System pursuant to KRS 78.531(2), to assist in the payment of both the employee's and employer's costs of alternate participation pursuant to KRS 78.530(3)(d).

**(9) If all liabilities to all individuals entitled to benefits from the employees' pension fund have been satisfied, any ordinances established for creation or maintenance of the fund may be repealed by the majority vote of the duly elected members of the entire legislative body of the urban-county government. If repealed, the fund's**

board of trustees shall, within sixty (60) days of repeal, proceed with the liquidation of any residual assets of the fund. All residual assets liquidated pursuant to this subsection shall be distributed by the board of trustees to the urban-county government's general fund which shall then contribute the entire distribution received into the Policemen's and Firefighters' Retirement Fund as a supplemental contribution, so long as the return of assets complies with federal and state law governing the distribution of assets. The supplemental contribution provided to the Policemen's and Firefighters' Retirement Fund under this subsection shall be in addition to the contributions required by KRS 67A.360 to 67A.690 and shall not be used to offset any other contributions required to be paid to the fund under the provisions of KRS 67A.360 to 67A.690. Within thirty (30) days following the distribution of residual assets, the board of trustees of the fund shall as its last act file a complete report with the legislative body of the urban-county government of the actions taken to terminate the fund and liquidate residual assets of the fund. Upon completion of the provisions specified by this subsection, the provisions of KRS 67A.320 to 67A.330 as it relates to the employees' pension fund shall be void.

➔Section 3. KRS 67A.655 is amended to read as follows:

The legislative body in an urban-county government may issue the appropriate order, pursuant to KRS 78.530(1), directing participation for policemen and firefighters in the County Employees Retirement System. All new employees who would have been granted membership in the policemen's and firefighter's retirement fund of the urban-county government shall be members of the County Employees Retirement System. All active members of the policemen's and firefighter's retirement fund of the urban-county government at the time of transition to the County Employees Retirement System may choose membership in the County Employees Retirement System or may retain membership in the local retirement fund, but the legislative body may withdraw its order

prior to the effective date if the number of active members choosing to transfer is not sufficient to fully fund the balance of the cost of transition after available local pension assets are included. The urban-county government shall elect the alternate participation plan, pursuant to KRS 78.530(3), for active members who transfer to the County Employees Retirement System. Notwithstanding the provisions of KRS 78.530(3)(b), the urban-county government may, at its option, extend the payment period for the cost of alternate participation to a maximum of thirty (30) years with the interest at the rate actuarially assumed by the County Employees Retirement System board. The urban-county government shall have the right to use assets in the local pension fund, other than those assets, as determined by actuarial valuation~~[evaluation]~~, necessary to pay benefits to the remaining active members of the local retirement fund and retirees and their survivors, to assist in the payment of the annual installment cost of alternate participation. The County Employees Retirement System employee contribution shall be made as a deduction from salary, and payment to the member of salary less this deduction shall constitute a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by the member during the period covered by the payment. All policemen and firefighters who become members of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage.

➔Section 4. KRS 78.531 is amended to read as follows:

- (1) Any member of a retirement system created pursuant to KRS 67A.320, 67A.340, 67A.360 to 67A.690, 79.080, 90.310 to 90.410, 95.290, 95.520 to 95.620, 95.621 to 95.629, 95.767 to 95.784, 95.852 to 95.884, and KRS Chapter 96, notwithstanding any provisions of the statutes to the contrary, may elect to terminate coverage under the retirement system in which he is a member, if the city or urban-county government has adopted the provisions of the County Employees Retirement System pursuant to KRS 78.520 to 78.852.
- (2) (a) If the city or urban-county government elects the alternate participation plan,

as set forth in KRS 78.530(3), employee contributions made to the fund under authority of KRS 67A.320, 67A.340, 67A.360 to 67A.690, 79.080, 90.400(1), 90.410, 95.290, 95.520 to 95.620, 95.621 to 95.629, 95.767 to ~~95.784~~~~[95.785]~~, 95.852 to 95.884, or KRS Chapter 96 shall be paid to the County Employees Retirement System and credited to the individual member's account in the system for any employee electing to terminate coverage under the provisions of this section. Any person who is an active member of the County Employees Retirement System on July 15, 1990, who withdrew from service prior to August 1, 1988, under any of the plans enumerated in this section and who was not granted a refund of his employee contributions, shall be refunded employee contributions with any interest specified in the applicable statute or plan, unless the employee has a vested account in the former plan, in which case he may elect to leave his contributions in the fund in order to receive a pension from the plan when he becomes eligible.

- (b) Proper credit for these employee contributions shall be given to the city or urban-county government in computing the cost of participation under the alternate participation plan as provided by KRS 78.530(3). The cost of participation for employees who withdrew from service and who were not granted a refund for employee contributions shall be based only upon the time period for which the contributions were made. The cost shall be computed by the County Employees Retirement System in a manner consistent with the calculation of other delayed contribution payments, and shall be paid by the employee.
- (3) If the city or urban-county government does not elect the alternate participation plan as set forth in KRS 78.530(3), the employee contributions paid into the fund under authority of KRS 67A.320, 67A.340, 79.080, 90.400(1), 90.410, 95.290, 95.520 to

95.620, 95.621 to 95.629, 95.767 to ~~95.784~~~~[95.785]~~, 95.852 to 95.884, or KRS Chapter 96 by each employee electing to terminate coverage under the provisions of this section shall be refunded to the employee with interest as specified in the applicable statute or plan, unless the employee has a vested account in which case he may elect to leave his contributions in the fund in order to later receive a pension when he becomes eligible.

Notwithstanding the provisions of KRS 78.530(3)(b), the city may, at its option, extend the payment period for the cost of

alternate participation to a maximum of twenty (20) years with the interest at the rate actuarially assumed by the board. The city shall have the right to use assets in the local pension fund, other than assets necessary to pay benefits to the remaining active members of the local policemen's pension system and to retirees and their survivors as determined by actuarial valuation~~[evaluation]~~, to assist in the payment of the annual installment cost of alternate participation. All policemen who become members of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage, and the city may, at its option, purchase accumulated sick leave for each policeman upon retirement pursuant to KRS 78.616.

After certification by the County Employees Retirement System of eligibility for hazardous duty coverage, each firefighter who becomes a member of the County Employees Retirement System pursuant to this section shall be granted hazardous duty coverage.

This agreement may include, but is not limited to, specifications of what portion of the required employer contribution shall be borne by the participating employer and what portion shall be borne by the participating employee. This provision in no way modifies the employer's obligation to remit the contributions required by the County Employees Retirement System pursuant to KRS 61.565, whether such contributions are borne by the city or by its participating employees.
- (10) With regard to the employer participation or employer contributions pursuant to KRS 61.565 as it relates to future pension contribution requirements or as it relates to payback period or interest charge for service liability cost under alternate participation, if any statute or any resolution of the appropriate state board of trustees having authority over employer participation or employer contribution grants any terms or conditions to any city of the home rule class, or to any county, or to any urban-county government, which are more favorable in terms of participation than terms or conditions granted to any city of the first class, then said provisions for employer participation or contribution shall be available to the city of the first class, at its option and effective upon adoption by the city of the first class
